Such information creates your awareness about principal trends of Xfone, Inc. business.

About Xfone, Inc.

Xfone, Inc. provides voice, video, and data telecommunications services, including local, long distance and international telephony services; video; prepaid and postpaid calling cards; cellular services; Internet services; messaging services (Email/Fax Broadcast, Email2Fax and Cyber-Number); and reselling opportunities, with operations in the United States, the United Kingdom and Israel. The company serves customers worldwide.

The company has two wholly owned subsidiaries in the United Kingdom, three wholly owned subsidiaries in the United States, and one majority owned subsidiary in Israel.

Principal Services and their Markets

The United States

The company provides through its United States operations (NTS Communications and Xfone USA) the following telecommunication products / services:

Services provided by NTS Communications and its subsidiaries

Retail Services

Local Services: NTS delivers local telephony service to its customers through an 'on-net' UNE-L connection, including voice mail, caller ID, forwarding, 3-way calling, blocking, and PBX services. In addition, NTS sells 'off-net' total service resale lines. NTS provides UNE-L services in Lubbock, Abilene, Amarillo, Midland, Odessa, Pampa, Plainview, and Wichita Falls, Texas. NTS provides local services via FTTP in Lubbock Wolfforth, Levelland, and Smyer, Texas. NTS provides resold local services throughout Texas via its resale agreement with AT&T.

Retail Long Distance Services: NTS offers a range of long distance services to its customers, including switched long distance (including intrastate, interstate, and international), toll-free service, T-1 long distance, and calling cards. The majority of its customers are concentrated in West Texas.

Internet Data Services: NTS offers broadband services. Download speeds range from 500 Kilobits to 100 Megabits per second, depending on the end user's distance from an NTS collocation or the type of facilities used to deliver the service. NTS provides broadband and dial-up Internet service in all of its Texas markets. NTS also offers Web hosting and wide area networking solutions for business applications.

Fiber-Based Services ('Fiber to the Premise' or 'FTTP'): As an integrated telecom provider, NTS is capable of providing quality triple play (voice, digital video, & data) on one bill to its FTTP customers. NTS offers a selection of video services, including basic cable, video on demand, HDTV and DVR. NTS is a member of the National Cable Television Cooperative. NTS provides FTTP service in Lubbock and Wolfforth, Texas.

Customer Premise Equipment (CPE): NTS resells various CPE and CPE related services to its customers. Primarily, these sales involve NTS acting as an authorized dealer for Toshiba phone systems. These systems are sold to customers either on a stand-alone basis, or in conjunction with the purchase of local, long distance, and/or data services from the company.

Wholesale Services

Private Line Services: NTS offers aggregation and resale of leased fiber transport network from AT&T and other fiber network operators. This service is provided for carrier customers that need direct network connectivity, as well as enterprises that require branch office connections. Services are offered under 1-year contracts for a fixed amount per month. NTS provides private line service nationwide.

Wholesale Switched Termination Services: NTS sells its wholesale-switched minutes to local telecom companies who do not have the volume to warrant pricing from AT&T and other large carriers. NTS provides multi-regional switched termination, switched toll free origination and wholesale Internet access services to various carrier customers. NTS provides wholesale switched termination services to customers via network connections in NTS POPs and switch sites.

Internet Based Customer Service

The company's Internet based customer service (found at www.ntscom.com) includes full details on all its retail products and services. NTS Communications owns and operates its own facilities-based telecommunications switching system.

Services provided by Xfone USA

Local Telephone Service: Using its own
