Abstracts

The U.S. Internet Service Providers Industry report, published annually by Barnes
Reports, contains timely and accurate industry statistics, forecasts and demographics.
The report features 2010 current and 2011 forecast estimates on the size of the industry
(sales, establishments, employment) nationally and for all 50 U.S. States and over 900
metro areas. New to the report this year are: financial ratios, number of firms and payroll
estimates. The report also includes industry definition, 5-year historical trends on
industry sales, establishments and employment, a breakdown of establishments, sales
and employment by employee size of establishment (9 categories), and estimates on up
to 10 sub-industries, including internet service providers.
