The 2019 U.S. Electrical Contractors Industry-Industry & Market report, published annually by Barnes Reports, contains timely and accurate industry statistics, forecasts and demographics.

The report features 2019 current and 2020 forecast estimates on the size of the industry (sales, establishments, employment) nationally and for all 50 U.S. States and over 900 metro areas. Other data include financial ratios, number of firms, payroll, industry definition, 5-year historical trends on industry sales, establishments and employment, a breakdown of establishments, sales and employment by employee size of establishment (9 categories), and estimates on up to 10 sub-industries, including communications specialists, telephone installers, cable television installers, and electronic controls installers.

This industry comprises establishments primarily engaged in installing and servicing electrical wiring and equipment. Contractors included in this industry may include both the parts and labor when performing work. These contractors may perform new work, additions, alterations, maintenance, and repairs.

Barnes Reports' Industry & Market reports are an essential part of any GAP analysis, benchmarking project, SWOT analysis, business plan, risk analysis, or growth-share matrix.
