Abstracts

The 2024 U.S. Scheduled Air Transportation Industry-Industry & Market report, published annually by Barnes Reports, contains timely and accurate industry statistics, forecasts and demographics (NAICS 48111).

The report features 2024 current and 2025 forecast estimates on the size of the industry (sales, establishments, employment) nationally and for all 50 U.S. States and over 900 metro areas. Other data include financial ratios, number of firms, payroll, industry definition, 5-year historical trends on industry sales, establishments and employment, a breakdown of establishments, sales and employment by employee size of establishment (9 categories), and estimates on up to 10 sub-industries, including cargo transportation, passenger transportation, and helicopter transportation.

This industry comprises establishments primarily engaged in providing air transportation of passengers and/or cargo over regular routes and on regular schedules.

Establishments in this industry operate flights even if partially loaded. Establishments primarily engaged in providing scheduled air transportation of mail on a contract basis are included in this industry.

Barnes Reports' Industry & Market reports are an essential part of any GAP analysis, benchmarking project, SWOT analysis, business plan, risk analysis, or growth-share matrix.
