

# 3D Printing for Construction: Global Markets

<https://marketpublishers.com/r/3317DF822966EN.html>

Date: July 2023

Pages: 104

Price: US\$ 5,500.00 (Single User License)

ID: 3317DF822966EN

## Abstracts

### Report Scope:

The report provides an overview of the global market for 3D printing for construction and analyzes market trends. The base year considered for analyses is 2022, while the market estimates and forecasts are given from 2023 to 2028. The market estimates are only provided in terms of revenue and displayed in U.S. dollars. Revenue forecasts for this period are segmented based on material type, process, construction form, and geography.

The report provides key insights and latest trends pertaining to the global 3D printing for construction market such as hardware, materials, applications, and services. However, the quantitative analysis and market estimations only entail the revenue generated from material aspects of the overall market.

For preparing accurate data estimates for 2022, we have only included buildings that are greater than 10 square meters, or 110 square feet, and are situated outdoors. In addition, the walls must have been fully 3D printed.

### Report Includes:

26 data tables and 26 additional tables

An up-to-date overview and analysis of the global market for 3D printing for construction sector

Analyses of the global market trends, with historic market revenue data (sales figures) for 2022, estimates for 2023, and projections of compound annual growth rates (CAGRs) through 2028

Highlights of the current and upcoming potential for the 3D printing in construction industry, growth driving factors, and areas of focus to forecast this market into various segments and sub-segments

Estimation of the actual market size and revenue forecast for global 3D printing for construction market, and corresponding market share analysis based on the material type, process, construction form, and region

Updated information on key market drivers and opportunities, industry shifts and regulations, and other demographic factors that will influence the market demand in the coming years (2023-2028)

Analysis of market opportunities with a holistic review of Porter's five forces model and industry supply chain analysis considering both micro%li%and macro environmental factors prevailing in the market

Review of emerging technologies in the space of 3D printing for construction and analysis of patents granted related to the global market

A look at the major growth strategies adopted by leading players operating in 3D printing in construction market, recent developments, strategic alliances, and competitive benchmarking

Identification of the major stakeholders and analysis of the competitive landscape based on recent developments and segmental revenues

Descriptive company profiles of the leading global players, including Apis Cor Inc., COBOD International A/S, Materialise, Peri 3D Construction GmbH, Sika AG, and Yingchuang Building Technique Shanghai Co. Ltd. (WinSun)

## Contents

### **CHAPTER 1 INTRODUCTION**

Study Goals and Objectives  
Reasons for Doing This Study  
Scope of Report  
Information Sources  
Research Methodology  
Geographic Breakdown  
Analyst's Credentials  
BCC Custom Research  
Related BCC Research Reports

### **CHAPTER 2 SUMMARY AND HIGHLIGHTS**

### **CHAPTER 3 MARKET AND TECHNOLOGY BACKGROUND**

Market Background  
Definition and Introduction  
Status of the Global 3D Printing Industry  
Key Global 3D Printing Market Trends in 2022  
History and Current State of 3D Printing for the Construction Sector  
3D Printing in Construction  
Process of 3D Printing in Construction  
3D Construction Printer  
Age of 3D Printed Building Structures  
Benefits of 3D Printing in Construction

### **CHAPTER 4 MARKET DYNAMICS**

Market Dynamics  
Drivers  
Challenges  
Opportunities  
Supply Chain Analysis  
Porter's Analysis

### **CHAPTER 5 MARKET ANALYSIS BY MATERIAL**

Overview  
Concrete and Mortar  
Polymers  
Others

## **CHAPTER 6 MARKET ANALYSIS BY PROCESS**

Overview  
Extrusion  
Powder Bonding and others

## **CHAPTER 7 MARKET ANALYSIS BY CONSTRUCTION FORM**

Overview  
On-site  
Off-site

## **CHAPTER 8 MARKET ANALYSIS BY REGION**

Global Market  
Americas  
U.S.  
Rest of Americas  
Europe  
Germany  
Netherlands  
Rest of Europe  
Asia-Pacific (APAC)  
China  
Japan  
Rest of Asia-Pacific  
Middle East and Africa (MEA)

## **CHAPTER 9 ESG DEVELOPMENT**

Importance of ESG in 3D Printing for the Construction Industry  
ESG Ratings and Metrics: Understanding the Data  
ESG Practices in 3D Printing for Construction Industry

Consumer Attitudes Toward ESG in the Global 3D Printing for Construction Market  
Future of ESG  
Case Studies: Examples of Successful ESG Implementation  
SIKA AG

## **CHAPTER 10 EMERGING TECHNOLOGIES AND DEVELOPMENTS**

Current Market Trends  
Growth of Plant-Based Recyclable 3D Printing Materials to Support Circular Interior and Architectural Systems  
Increasing Popularity of Low-carbon Concrete  
Emphasis on Reducing Total Construction Time  
Emerging Technologies  
3D Printing with Living Soil  
New Application Technology Enabling Colorful Printing  
3D Printing with AI  
Notable Advancements In 3D-construction Printers  
Introduction of Eco-friendly Printing Materials  
Development of Innovative Materials  
Contour Crafting  
Lunar 3D-Printing Construction Technology

## **CHAPTER 11 COMPETITIVE LANDSCAPE**

Competitive Scenario Analysis  
Key Market Developments  
Patent Analysis

## **CHAPTER 12 COMPANY PROFILES**

AECTUAL B.V.  
APIS COR INC.  
COBOD INTERNATIONAL A/S  
CYBE CONSTRUCTION  
ICON TECHNOLOGY, INC.  
LATICRETE INTERNATIONAL INC.  
MATERIALISE  
PERI 3D CONSTRUCTION GMBH  
SIKA AG

## YINGCHUANG BUILDING TECHNIQUE (SHANGHAI CO. LTD. (WINSUN)

## List Of Tables

### LIST OF TABLES

Summary Table: Global Market for 3D Printing for Construction, by Region, Through 2028

Table 1: Differences between the Robotic Arm and Gantry 3D Printers

Table 2: The Economic Impact of 3D Printing on Construction in the Developed Countries

Table 3: Global Market for 3D Printing for Construction, by Material, Through 2028

Table 4: Global Market for Concrete and Mortar 3D Printing for Construction, by Region, Through 2028

Table 5: Global Market for Polymer 3D Printing for Construction, by Region, Through 2028

Table 6: Global Market for Other Materials in 3D Printing for Construction, by Region, Through 2028

Table 7: Global Market for 3D Printing for Construction, by Process, Through 2028

Table 8: Global Market for Extrusion in 3D Printing for Construction, by Region, Through 2028

## I would like to order

Product name: 3D Printing for Construction: Global Markets

Product link: <https://marketpublishers.com/r/3317DF822966EN.html>

Price: US\$ 5,500.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:

[info@marketpublishers.com](mailto:info@marketpublishers.com)

## Payment

To pay by Credit Card (Visa, MasterCard, American Express, PayPal), please, click button on product page <https://marketpublishers.com/r/3317DF822966EN.html>

To pay by Wire Transfer, please, fill in your contact details in the form below:

First name:  
Last name:  
Email:  
Company:  
Address:  
City:  
Zip code:  
Country:  
Tel:  
Fax:
