Abstracts

Report Scope:

The “Advanced Orthopedic Technologies, Implants and Regenerative Products Market” report analyzes the product types used for orthopedic implants and regeneration. The report is segmented based on device types such as bone repair and regenerative products, cartilage and soft tissue repair, regenerative products, and joint replacement, implants, and regenerative products.

A detailed analysis illustrating market dynamics and market structure is incorporated in the report. Porter’s Five Forces analysis and supply and distribution chain are discussed in detail for an in-depth market understanding. The report covers the current regulations and guidelines for quality management and manufacturing practices of orthopedic medical devices in the context of their use in the advanced orthopedic devices industry. Top market players detailing their business operations and segment focus, revenue, and strategy analysis are included in the report. Market share analysis of leading market players, product launches, and pipeline products are also captured in the information.

Regarding geography, the report analyzes the market across North America, Europe, and Asia-Pacific. Key countries like the U.S., Canada, Mexico, Europe (top five countries), China, India, and Japan are discussed due to a high concentration of orthopedic device manufacturing companies and contract manufacturing organizations in these countries.

The base year for market data is 2022, with historical data provided for 2020 and forecast data provided through 2028. Historical, base year, and forecast data are

provided for each market segment of the report.

Report Includes:

11 tables

An up-to-date overview and analysis of the global markets for advanced orthopedic technologies, implants and regenerative products

Analyses of the global market trends, with market revenue data (sales figures) for 2020-2022, forecasts for 2023, and projections of compound annual growth rates (CAGRs) through 2028

Estimation of the actual market size and revenue forecast for the advanced orthopedic technologies, implants and regenerative products market, and its corresponding market share analysis based on product type and region

In-depth information (facts and figures) concerning major market dynamics, recent trends and developments, opportunities and challenges estimating the current and future demand, and impact of macroeconomic factors in the progress of this market

A look at the current industry regulations and developmental procedures and products, along with details of guidelines for orthopedic medical devices quality management and manufacturing practices

Review of recent patent applications filed on advanced orthopedic technologies implants and regenerative products

Identification of the major stakeholders and analysis of the competitive landscape based on recent developments, financial performance, and segmental revenues

Updated information on recent mergers and acquisitions, partnerships, agreements, collaborations, and other strategic alliances within the marketplace

Company profiles of the leading global players, including B. Braun Melsungen AG, Zimmer Biomet, Medtronic, Nuvasive, and Stryker Corporation

Contents

CHAPTER 1 INTRODUCTION

Study Goals and Objectives
Reasons for Doing This Study
What's New in This Update?
Scope of Report
Information Sources and Methodology
Secondary Research
Primary Research
Research Methodology
Geographic Breakdown
Analyst's Credentials

Related BCC Research Reports

CHAPTER 2 SUMMARY AND HIGHLIGHTS

CHAPTER 3 MARKET AND TECHNOLOGY BACKGROUND

Overview
Market Dynamics
Drivers
Restraint
Impact Analysis

CHAPTER 4 MARKET BREAKDOWN BY PRODUCT TYPE

Market Size
Bone Repair and Regenerative Products
Overview
Cartilage and Soft Tissue Repair and Regenerative Products
Overview
Market Size
Joint Replacement, Implants, and Regenerative Products
Overview
Market Size

CHAPTER 5 OPPORTUNITIES & REGULATIONS

Definition and Classification

Legislation

Regulations in Europe

Process

Regulations in Japan

Opportunities

Opportunities in Emerging Nations

Increase in Government Expenditure in the Healthcare Sector

CHAPTER 6 EVALUATION OF THE MARKET BASED ON GEOGRAPHIC REGION

Overview of the Geographical Distribution of the Market

North America

Europe

Asia-Pacific

Rest of the World

CHAPTER 7 PATENTS

CHAPTER 8 COMPETITIVE LANDSCAPE

Global Company Share Analysis

Mergers and Acquisitions

Agreements, Collaborations, Product Launches, Achievements, and Partnerships

CHAPTER 9 COMPANY PROFILES

ARTHERX, INC.

B. BRAUN MELSUNGEN AG

DEPUY SYNTHES (J&J)

GLOBUS MEDICAL INC.

LEPU MEDICAL TECHNOLOGY (BEIJING) CO., LTD

MEDTRONIC

NUVASIVE

STRYKER CORPORATION

ZIMMER BIOMET

List Of Tables

LIST OF TABLES

Summary Table: Global Market for Advanced Orthopedic Technologies, Implants, and Regenerative Products, by Type, Through 2028

Table 1: Global Market for Advanced Orthopedic Technologies, Implants, and Regenerative Products, by Type, Through 2028

Table 2: Global Market for Bone Repair and Regenerative Products, by Type, Through 2028

Table 3: Global Market for Cartilage and Soft Tissue Repair and Regenerative Products, by Type, Through 2028

Table 4: Different Types of Bone Screws and Their Applications

Table 5: Global Market for Joint Replacement, Implants, and Regenerative Products, by Type, Through 2028

Table 6: Class I and Class II 510(k) Exempt Devices

Table 7: Global Market for Advanced Orthopedic Technologies, Implants, and Regenerative Products, by Region, Through 2028
