Abstracts

Report Scope:

The report on Atrial Fibrillation: Technologies and Global Markets covers interventional procedural products, namely Cardiac Ablation products and Left Atrial Appendage closure devices.

Devices included as a part of market estimates are:

Catheter ablation products, including electrophysiology ablation catheters, electrophysiology diagnostic catheters, lab systems (3D electro-anatomical mapping systems, robotic catheter navigation systems, intracardiac echocardiography systems, recording systems, ablation generators and irrigation pumps), access devices and consumables.

Left atrial appendage closure devices, including all occlusion device systems and implantable devices employed in endocardial and epicardial LAA procedures, which include cardiac plugs, clips and suture delivery systems.

Devices excluded from market estimates are:

Pharmacological drugs employed in standalone and combination of ablation procedures.

Devices like defibrillators and preliminary diagnostic devices, including cardiac monitors and Holter monitors (including implantable Holter monitors).

ECG machines and consumables, wearable devices, implantable loop recorders (ILR), pacemakers, and electrical cardioversion devices.

Further surgical ablation products employed in Cox-Maze IV or Mini-Maze surgery and thoracoscopy visualization devices.

Imaging systems such as Rotational angiography, fluoroscopy X-ray systems, CT and MRI imaging systems.

The report covers the market dynamics and trends that are shaping the atrial fibrillation treatment interventions. Other subjects discussed in the report are key qualitative factors like epidemiology, categories of atrial fibrillation, key device development and regulations.

The market landscape of atrial fibrillation was studied at a regional level covering North America, Europe, Asia-Pacific and Other markets. Profiles of key leading companies engaged in the marketing and development of atrial fibrillation devices are covered, with additional information on the market position of major companies in the atrial fibrillation market.

Report Includes::

25 data tables and 13 additional tables

An overview of the global market for atrial fibrillation and technologies

Analyses of global market trends, with data from 2017, estimates for 2018, and projections of compound annual growth rates (CAGRs) through 2023

Detailed description of the market for drug treatment, surgical intervention, and other aspects of atrial fibrillation

Discussion of the types of atrial fibrillation treatment

A look into various government regulations

Insight into the emerging developmental technologies and clinical trials for new technology for atrial fibrillation

Company profiles of the manufacturers of surgical equipment, surgical accessories, and pharmaceuticals, including Abbott Laboratories, Aegis Medical

Innovations, Boston Scientific, GE Healthcare, Johnson & Johnson, Medtronic
and Philips Healthcare

Contents

CHAPTER 1 INTRODUCTION

Study Goals and Objectives
Reasons for Doing this Study
Scope of Report
Methodology
Geographic Breakdown
Analyst's Credentials
BCC Custom Research
Related BCC Research Reports

CHAPTER 2 SUMMARY AND HIGHLIGHTS

CHAPTER 3 BACKGROUND

Heart Structure and Function
Cardiac Arrhythmia
Treadmill Run Test Stress Test
Holter Monitoring
Echocardiography
Electrophysiologic Testing
Atrial Fibrillation (AFib)
Symptoms
Global Epidemiology
Economic Burden of Atrial Fibrillation
Risk Factors
Complications of Atrial Fibrillation
Patterns of Atrial Fibrillation
Current Standard of Care for Atrial Fibrillation
Diagnosis
Treatment of AFib

CHAPTER 4 MARKET OVERVIEW

Market Dynamics
Market Drivers
Market Restraints

Emerging Trends
Regulatory Landscape
Regulation in Europe
Regulation in the U.S.
Regulation in Japan
Regulation in China
Regulation in India

CHAPTER 5 MARKET BREAKDOWN BY DEVICE TYPE

Introduction and Global Markets
Catheter Ablation Devices
Overview
Market Size and Forecast
Catheter Ablation Devices by Type
Left Atrial Appendage (LAA) Closure Devices
Overview
Cost Benefits of Left Atrial Appendage Closure Devices vs. Pharmacological Therapy
Market Size and Forecast
Types of Left Atrial Appendage Implantation

CHAPTER 6 MARKET BREAKDOWN BY REGION

Introduction
North America
U.S.
Canada
Europe
Germany
France
Asia-Pacific
China
Japan
India
Rest of the World

CHAPTER 7 COMPETITIVE LANDSCAPE AND RECENT DevelopmentS

Market Share Analysis

Atrial Fibrillation: Company Market Share Analysis
Strategies Adopted by Market Leaders
Catheter Ablation Devices: Company Market Share Analysis
Left Atrial Appendage Closure Devices: Company Market Share Analysis
Barriers to the Entry for New Players
High Degree of Competitiveness
Product Portfolio Analysis
Catheter Ablation Devices Product Portfolio Analysis
Left Atrial Appendage Closure Devices Product Portfolio Analysis
Key Recent Industry Events

CHAPTER 8 COMPANY PROFILES

ABBOTT LABORATORIES

Company Overview

Financials

Atrial Fibrillation Business

Product Portfolio

Development and Strategies

ABLACOR MEDICAL CORP.

Company Overview

ACUTUS MEDICAL INC

Company Overview

AEGIS MEDICAL INNOVATIONS

Company Overview
