Report Scope

The scope of this report is broad. The market for coated flat glass is analyzed based on different types of coating technologies and applications. The market is broken down by major types of coated flat glass, by technology, by application and by region. The market for coated flat glass is also estimated by regional market and technology.

Revenue forecasts from 2018 to 2023 are given for each major type of coated flat glass technology, application and regional market.;

The report also includes a discussion of the major players across each regional market for coated flat glass. It explains the major market drivers of the global coated flat glass industry, the current trends within the industry and major applications, the challenges and the regional dynamics of the global coated flat glass market. The report concludes with a special focus on vendor landscape, which covers the detailed profiles of major vendors in the coated flat glass industry, globally, and the regional market shares of major players.

Report Includes:

63 data tables

An overview of the global market for coated flat glass, which is used in special applications, primarily in buildings and automobiles, and is designed to create energy efficiency, increase durability, provide protection from breakage, reduce glare, and repel water and dirt

Analyses of global market trends, with data from 2017, 2018, and projections of compound annual growth rates (CAGRs) through 2023

Coverage of coating technologies, such as chemical vapor deposition, magnetron sputtering, as well as other processes, such as plasma vapor deposition and wet processes

Discussion of major product types and applications, regulatory and market trends, technologies, and regional demand

Coverage of the niche markets of photovoltaic (PV) glass for solar panels, reflective and antireflective glass, and self-cleaning glass

A look at the vendor landscape

Company profiles of major players in the market, including Asahi Glass Co. Ltd., Eastman, Lord Corp., PPG Industries and Saint-Gobain

CHAPTER 2 SUMMARY AND HIGHLIGHTS

CHAPTER 3 MARKET AND TECHNOLOGY BACKGROUND

Key Types of Coated Flat Glass Based on Technology
Pyrolytic (CVD) Technology
Magnetron Sputtering (PVD) Technology
Sol-Gel
Other Technologies
Key Types of Coated Flat Glass Based on Applications
Commercial Buildings
Residential Buildings
Automotive
Solar
Other Applications
Manufacturing of Flat Glass
Float Process
Roller Process

CHAPTER 4 GLOBAL MARKET FOR COATED FLAT GLASS

Overall Market for Coated Flat Glass

Global Market for Coated Flat Glass Market, by Region

Global Market for Coated Flat Glass Market, by Technology

Pyrolytic Coated Flat Glass Market, by Region

Magnetron Sputter Coated Flat Glass Market, by Region

Sol-Gel Coated Flat Glass Market, by Region

Market for Other Technologies Used in Coated Flat Glass, by Region

Global Market for Coated Flat Glass, by Application

Commercial Building Applications Market, by Region

Residential Building Applications Market, by Region

Automotive Applications Market, by Region

Solar Energy Applications Market, by Region

Market for Other Applications, by Region

Global Market for Coated Flat Glass, by Application and Technology

Coated Flat Glass in Commercial Building Applications, by Technology

Coated Flat Glass in Residential Building Applications, by Technology

Coated Flat Glass in Automotive Applications, by Technology

Coated Flat Glass in Solar Energy Applications, by Technology

Coated Flat Glass in Other Applications, by Technology

CHAPTER 5 MARKET DRIVERS AND CHALLENGES

Growth Drivers

Impact of Global Economic Growth

Shorter Lead Times for Fast-Track Projects

Impact of Regulations and Legislation Concerning Safety, Noise Attenuation and Energy Conservation

Growth of the Automotive Industry

Growth in Building Products

Increasing Demand for Solar Glass

R&D Investment and Capacity Utilization

Challenges

Increasing Cost of Energy

Rising Raw Material Cost

Transport Cost

Low Code Enforcement in Developed and Developing Regions
Low Rate of Renovation in Europe and North America
