

Computer Vision and Machine Vision in Everyday Life

<https://marketpublishers.com/r/C07BDD92C7B7EN.html>

Date: October 2019

Pages: 69

Price: US\$ 1,975.00 (Single User License)

ID: C07BDD92C7B7EN

Abstracts

REPORT INCLUDES:

An overview of application specific markets of computer vision (CV) and machine vision (MV) technologies in everyday life

Analyses of global market trends with data from 2018, estimates for 2019 and projections of compound annual growth rates (CAGRs) through 2024

Discussion of underlying opportunities and challenges with respect to MV and CV technologies, their hardware and software integration, components, and various applications of MV/CV systems for industrial as well as non-industrial purposes

Assessment of recent breakthroughs, current research activities, technological hurdles and latest trends within this field of ICT industry

Contents

CHAPTER 1 INTRODUCTION

Computer Vision
Machine Vision
Geographic Breakdown
Analyst's Credentials
BCC Custom Research
Related BCC Research Reports

CHAPTER 2 SUMMARY AND HIGHLIGHTS

Overview

CHAPTER 3 TECHNOLOGY BACKGROUND IN COMPUTER VISION AND MACHINE VISION

Computer Vision Systems
Technology Involved in Computer Vision
Goal of Computer Vision
Techniques Involved in Computer Vision
Machine Vision Systems
Advantages of Machine Vision Systems
Machine Vision System Types
Processes involved in Machine Vision Systems
Components of Machine Vision Systems
Range of Machine Vision System Applications
Similarities Between Computer Vision and Machine Vision
Differences Between Computer Vision and Machine Vision

CHAPTER 4 MARKET BREAKDOWN BY TECHNOLOGY TYPE

Market for Applications of Computer Vision and Machine Vision Systems
Global Market for Applications of Computer Vision Systems Involved in Everyday Life
Regional Market for Applications in Computer Vision Systems Involved in Everyday Life
Global Market for Applications of Machine Vision Systems
Regional Market for Everyday Life Applications of Machine Vision Systems
Global Market for Components of Computer Vision and Machine Vision Systems

Involved in Everyday life

Regional Market for Computer Vision and Machine Vision System Applications by Component

CHAPTER 5 COMPUTER VISION APPLICATIONS

Computer Vision Applications

Computer Vision in Retail

Computer Vision in Retail and Retail Security

Market for Computer Vision Applications in Retail Services

Computer Vision in Healthcare

Companies Involved in Computer Vision Healthcare Applications

Market for Computer Vision for Healthcare Applications

Automobile Applications for Computer Vision

Companies Involved in Computer Vision Applications in Automobiles

Market for Computer Vision in Automobile Applications

Computer Vision in Financial Services

Companies Offering Computer Vision Applications in Financial Services

Market for Computer Vision in Financial Service Applications

Computer Vision in Agriculture

Companies Involved in Computer Vision for Agriculture Applications

Market for Computer Vision in Agriculture Applications

Computer Vision in Miscellaneous Uses

Computer Vision in Social Media Platforms

Market for Computer Vision Applications in Miscellaneous Fields

CHAPTER 6 MACHINE VISION APPLICATIONS

Two-Dimensional and Three-Dimensional Machine Vision Applications

Basic Objectives of Machine Vision Applications

Machine Vision Applications in Everyday Life

Two-Dimensional and Three-Dimensional Machine Vision Systems for Surveillance and Security Applications

Two-Dimensional and Three-Dimensional Machine Vision Systems for Food and Beverage Processing Applications

Two-Dimensional and Three-Dimensional Machine Vision Systems for Biometric Applications

Machine Vision Systems in Traffic and Transportation Management and Control

Two-Dimensional and Three-Dimensional Medical Imaging and Lab-Automation

Applications

Two-Dimensional and Three-Dimensional Machine Vision Systems for Postal Applications

Two-Dimensional and Three-Dimensional Machine Vision Systems for Banking Applications

Machine Vision Applications in Automotive Safety

Machine Vision in Miscellaneous Fields Applications

CHAPTER 7 MANUFACTURERS OF COMPUTER VISION AND MACHINE VISION SYSTEMS

List Of Tables

LIST OF TABLES

Summary Table: Global Market for Computer Vision and Machine Vision Systems in Everyday Life Applications, by Component, Through 2024

Table 1: Global Market for Computer Vision Systems, by Application, Through 2024

Table 2: Global Market for Computer Vision System Applications, by Region, Through 2024

Table 3: Global Market for Machine Vision Systems, by Application, Through 2024

Table 4: Global Market for Machine Vision System Applications, by Region, Through 2024

Table 5: Global Market for Computer Vision and Machine Vision Systems in Everyday Life Applications, by Component, Through 2024

Table 6: Global Market for Components of Computer Vision and Machine Vision Systems in Everyday Life Applications, by Region, Through 2024

Table 7: Global Market for Computer Vision Systems in Retail Services, by Application, Through 2024

Table 8: Global Market for Computer Vision Systems in Healthcare, by Application, Through 2024

Table 9: Global Market for Computer Vision Systems in Automobiles, by Application, Through 2024

Table 10: Global Market for Computer Vision Systems in Financial Services, by Application, Through 2024

Table 11: Global Market for Computer Vision Systems in Agriculture Industry, by Application, Through 2024

Table 12: Global Market for Computer Vision Systems in Miscellaneous Fields, by Application, Through 2024

Table 13: Global Market for Machine Vision Systems in Surveillance and Security, by Application, Through 2024

Table 14: Global Market for Machine Vision Systems in the Food and Beverage Processing Industry, by Application, Through 2024

Table 15: Global Market for Machine Vision Systems in Biometric Devices, by Application, Through 2024

Table 16: Global Market for Machine Vision Systems in Transport and Traffic Management, by Application, Through 2024

Table 17: Global Market for Two-Dimensional and Three-Dimensional Machine Vision Systems in Medical Imaging and Lab Automation, by Application, Through 2024

Table 18: Global Market for Machine Vision Systems in Postal and Banking Services, by

Application, Through 2024

Table 19: Global Market for Two-Dimensional and Three-Dimensional Machine Vision Systems in Automobile Safety, by Application, Through 2024

Table 20: Global Market for Two-Dimensional and Three-Dimensional Machine Vision Systems in Miscellaneous Fields, by Application, Through 2024

Table 21: Manufacturers of Computer Vision and Machine Vision Systems

List Of Figures

LIST OF FIGURES

Summary Figure: Global Market for Computer Vision and Machine Vision in Everyday Life Applications, by Component, 2018-2024

I would like to order

Product name: Computer Vision and Machine Vision in Everyday Life

Product link: <https://marketpublishers.com/r/C07BDD92C7B7EN.html>

Price: US\$ 1,975.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:

info@marketpublishers.com

Payment

To pay by Credit Card (Visa, MasterCard, American Express, PayPal), please, click button on product page <https://marketpublishers.com/r/C07BDD92C7B7EN.html>

To pay by Wire Transfer, please, fill in your contact details in the form below:
