

Global Flue Gas Desulfurization Market

<https://marketpublishers.com/r/GFA31C3BA990EN.html>

Date: March 2021

Pages: 175

Price: US\$ 5,500.00 (Single User License)

ID: GFA31C3BA990EN

Abstracts

Report Scope:

The report includes details about different types of FGD technologies like dry, semi-dry and wet FGD. It has a detailed analysis on the manufacturers of FGD units, the trends and opportunities prevailing in the market and what will prompt future market growth. Market value estimates are based on multiple factors and analyses of manufacturer revenues. Market dynamics within each industry are identified. Technological advancements and trends are reviewed, and other influential factors such as economic conditions and standards are discussed. Because this is a global study, BCC Research analyzes domestic and international technological issues and economic considerations.

The market segments of the report are focused on technical aspects of FGD installation in different types of projects, including greenfield, brownfield and revamp. The report also provides a policy and regulatory framework for the installation of FGD units by processing industries.

The global market for flue gas desulfurization is also analyzed by global, regional as national statistics. For each segment, the forecast period is 2020 to 2025.

This report also includes an analysis of competitive market factors, and a detailed analysis of key market players is also given.

All currency figures, unless noted, are presented in U.S. dollars. Company revenues are picked from annual reports; for non-U.S. companies, local currencies were converted to U.S. dollars for the applicable or current years.

Report Includes:

97 data tables and 43 additional tables

A brief overview of the global markets for the flue gas desulphurization (FGD) technologies

Analyses of the global market trends, with data from 2019-2020, estimates for 2021 and projections of compound annual growth rates (CAGRs) through 2025

Estimation of market size and revenue forecasts for FGD systems, and corresponding market share analysis by installation, type, end-user industry and region

A look at the major factors influencing the progress of the market (drivers, restraints, opportunities and industry-specific challenges) with respect to specific growth trends, upcoming prospects and contributions to the overall market

Discussion of the market opportunities and technical aspects of the FGD installation, policy and regulatory framework for the installation of the FGD units, competitive scenario of the market and environmental sustainability

Details of competitive developments such as joint ventures, mergers and acquisitions, new product development, expansions, and research and development activities in the global flue gas desulfurization market

Competitive landscape of major industry participants, their R&D activities and company share analysis

Profile description of the leading market players, including Andritz AG, Babcock & Wilcox Enterprises Inc., General Electric, Mitsubishi Heavy Industries Ltd., Rafako S.A. and Thermax Ltd.

Contents

CHAPTER 1 INTRODUCTION

Study Goals and Objectives
Reasons for Doing This Study
Scope of This Report
Intended Audience
Methodology
Geographic Breakdown
Analyst's Credentials
BCC Custom Research
Related BCC Research Reports

CHAPTER 2 SUMMARY AND HIGHLIGHTS

CHAPTER 3 MARKET OVERVIEW

Introduction
Market Potential
Flue Gas Desulfurization Material
Market Dynamics
Drivers
Market Challenges
Market Trends
Impact of COVID-19 on the Global Market for Flue Gas Desulfurization
Porter's Five Force Analysis
Bargaining Power of Buyers
Bargaining Power of Suppliers
Threat of Substitutes
Threat of New Entrants
Threat of Rivalry

CHAPTER 4 MARKET BREAKDOWN BY TYPE OF INSTALLATION

Overview
Brownfield and Revamp FGD Installations
Greenfield FGD Installations

CHAPTER 5 MARKET BREAKDOWN BY TYPE OF FLUE GAS DESULFURIZATION

Overview

Global Market for Wet Flue Gas Desulfurization

Global Market for Dry and Semi-dry Flue Gas Desulfurization

CHAPTER 6 MARKET BREAKDOWN BY END-USER INDUSTRY

Overview

Power Generation Industry

Chemical Industry

Iron and Steel Industry

Cement Industry

Other Industries

CHAPTER 7 MARKET BREAKDOWN BY REGION

Overview

Asia-Pacific Market for Flue Gas Desulfurization

China

India

Japan

South Korea

European Market for Flue Gas Desulfurization

Germany

United Kingdom

Russia

France

North American Market for Flue Gas Desulfurization

United States

Canada

Mexico

Middle East and African Market for Flue Gas Desulfurization

Saudi Arabia

Kuwait

United Arab Emirates

South American Market for Flue Gas Desulfurization

Brazil

Venezuela

Argentina
Colombia

CHAPTER 8 COMPETITIVE LANDSCAPE

Introduction

LIST OF MARKET PLAYERS

CHAPTER 9 COMPANY PROFILES

AECOM
ANDRITZ AG
BABCOCK & WILCOX ENTERPRISES INC.
CLYDE BERGEMANN EEC
DOOSAN LENTJES GMBH
DUCON TECHNOLOGIES INC.
FLSMIDTH
GENERAL ELECTRIC
HAMON
KAWASAKI HEAVY INDUSTRIES LTD.
MACROTEK INC.
MARSULEX ENVIRONMENTAL TECHNOLOGIES CORP.
MITSUBISHI HEAVY INDUSTRIES LTD.
RAFAKO S.A.
THERMAX LTD.
VALMET

CHAPTER 10 APPENDIX A: ACRONYMS

CHAPTER 11 APPENDIX B: SUPPLEMENTARY DATA

List Of Tables

LIST OF TABLES

- Summary Table: Global Market for Flue Gas Desulfurization, by Region, Through 2025
- Table 1: FGD Gypsum End-Use Industries
- Table 2: SO₂ Emissions, by Source, 2018 and 2019
- Table 3: Electricity Generation, by Source, 2018 and 2019
- Table 4: Global Market for Flue Gas Desulfurization, by Type of Installation, Through 2025
- Table 5: Global Market for Flue Gas Desulfurization for Brownfield and Revamp FGD Installations, by Region, Through 2025
- Table 6: Global Market for Flue Gas Desulfurization for Greenfield FGD Installations, by Region, Through 2025
