REPORT SCOPE:

The scope of this report is broad and covers various therapies currently under trials in the global longevity and anti-senescence therapy market. The market estimation has been performed with consideration for revenue generation in the forecast years 2018-2023 after the expected availability of products in the market by 2023. The global longevity and anti-senescence therapy market has been segmented by the following therapies: Senolytic drug therapy, Gene therapy, Immunotherapy and Other therapies which includes stem cell-based therapies, etc.

Revenue forecasts from 2028 to 2023 are given for each therapy and application, with estimated values derived from the expected revenue generation in the first year of launch.

The report also includes a discussion of the major players performing research or the potential players across each regional longevity and anti-senescence therapy market. Further, it explains the major drivers and regional dynamics of the global longevity and anti-senescence therapy market and current trends within the industry.

The report concludes with a special focus on the vendor landscape and includes detailed profiles of the major vendors and potential entrants in the global longevity and anti-senescence therapy market.

REPORT INCLUDES:

71 data tables and 40 additional tables

An overview of the global longevity and anti-senescence therapy market

Analyses of global market trends, with data from 2017 and 2018, and projections of compound annual growth rates (CAGRs) through 2023

Country specific data and analysis for the United States, Canada, Japan, China, India, U.K., France, Germany, Spain, Australia, Middle East and Africa

Detailed description of various anti-senescence therapies, such as senolytic drug therapy, gene therapy, immunotherapy and other stem cell therapies, and their influence in slowing down aging or reverse aging process

Coverage of various therapeutic drugs, devices and technologies and information on compounds used for the development of anti-ageing therapeutics

A look at the clinical trials and expected launch of anti-senescence products

Detailed profiles of the market leading companies and potential entrants in the global longevity and anti-senescence therapy market, including AgeX Therapeutics, CohBar Inc., PowerVision Inc., T.A. Sciences and Unity Biotechnology

CHAPTER 2 SUMMARY AND HIGHLIGHTS

CHAPTER 3 MARKET OVERVIEW

Introduction
Drugs, Devices and Technologies Used in the Longevity and Anti-senescence Market
Market Evolution and Key Future Trends
Timeline of Longevity and Anti-senescence
Key Future Trends
Clinical Trials and the Expected Launch of Anti-senescence Products
Standards and Regulations in the Market
United States
European Union
Japan
India
Brazil
Industry Growth Drivers
Increasing Geriatric Population Across the Globe
Surging Level of Disposable Income
Rising Awareness of Anti-Aging Products Among Generation Y and Later Generations
Increasing Advancements in Anti-senescence Technologies

CHAPTER 4 GLOBAL LONGEVITY AND ANTI-SENESCENCE MARKET BY THERAPY

Senolytic Drug Therapy
Gene Therapy
Immunotherapy
Others

CHAPTER 5 GLOBAL LONGEVITY AND ANTI-SENESCENCE MARKET BY APPLICATION

Longevity
Senescence Inhibition
Cardiovascular Diseases
Neural Degenerative Diseases
Ophthalmology Disorders
Cancer

CHAPTER 6 GLOBAL LONGEVITY AND ANTI-SENESCENCE MARKET BY REGION

North America
United States
Canada
Europe
United Kingdom
France
Germany
Spain
Rest of Europe
Asia-Pacific
China
India
Japan
Australia
Rest of Asia-Pacific
Rest of World
Latin America
Middle East and Africa

CHAPTER 7 INDUSTRY STRUCTURE IN LONGEVITY AND ANTI-SENESCENCE MARKET

Industry Structure
Suppliers
Research and Development
Manufacturing/Production
Distribution and Marketing
End Users
