Abstracts

REPORT SCOPE:

The scope of this report is broad and covers the global market for smart space technologies, which are used globally for various applications in residential and commercial sectors. The market is broken down by component type, application, premise type and region. Revenue forecasts from 2019 to 2024 are presented for each component type, application, premise type and regional market.

The report also includes a discussion on the major players in each of the regional markets of smart spaces. It explains the major market drivers of the global market for smart spaces, the current trends within the industry and the regional dynamics of the smart space market. The report concludes with a special focus on the vendor landscape. It includes detailed profiles of the major vendors in the smart space industry globally.

REPORT INCLUDES:

78 tables

An overview of global market for smart space technologies and discussion of their potential applications

Analyses of global market trends, with data from 2018, estimates for 2019, and projections of compound annual growth rates (CAGRs) through 2024

Quantification of smart space market based on product type, application, and

region

A look into environmental concerns and green building initiatives and smart cities initiatives across the world

Detailed information about factors influencing the market growth and recent developments within the industry

Profiles of major players in the industry, including Cisco Systems Inc., Microsoft Corp., VoltSafe Inc., Rvolt and Hitachi Ltd.

CHAPTER 4 GLOBAL SMART SPACE MARKET BY APPLICATION

Global Smart Space Market: Technologies and Applications

Global Market for Smart Spaces by Application
Global Market for Smart Spaces by Component
Global Market for Smart Space Services by Type
Global Market for Professional Smart Space Services by Type
Global Market for Smart Spaces by Type of Premises
Global Market for Smart Spaces by Region
Global Market for Smart Spaces in Energy Management and Optimization Applications by Region
Global Market for Smart Spaces in Emergency and Disaster Management Applications by Region
Global Market for Smart Spaces in Security Management Applications by Region
Global Market for Smart Spaces in Other Applications by Region
Global Market for Smart Space Solutions by Region
Global Market for Smart Space Services by Region
Global Market for Smart Spaces in Managed Services by Region
Global Market for Smart Spaces in Professional Services by Region
Global Market for Professional Smart Spaces in Support and Maintenance Services by Region
Global Market for Professional Smart Spaces for Deployment and Integration Services by Region
Global Market for Professional Smart Spaces for Consulting Services by Region
Global Market for Smart Spaces for Residential Premises by Region
Global Market for Smart Spaces for Commercial Premises by Region
Global Market for Smart Spaces for Other Premises by Region

CHAPTER 5 GLOBAL MARKET FOR SMART SPACES BY REGION AND COUNTRY

CHAPTER 6 MARKET DRIVERS AND CHALLENGES

Market Drivers

Rapid Adoption of Internet of Things (IoT) Technology
Green Building Initiatives and Growing Environmental Concerns
Technological Advancements to Enhance Connectivity
Smart City Initiatives around the World

Challenges

Concerns Regarding Security and Privacy Breach
High Capital Expenditure Required Initially
Limited Skilled Resources and Required Infrastructure in Emerging Economies
