Abstracts

DESCRIPTION

Have a look at the legislative framework for biofuels use, incentives for production, and the number and capacity of manufacturing plants

EXECUTIVE SUMMARY

The market for liquid biofuels outside of North America totaled \$48.8 billion in 2014 and \$41.7 billion in 2015. This market is expected to reach \$89.6 billion by 2020, with a compound annual growth rate (CAGR) of 16.5%.

The first generation biofuels segment of this market should reach \$46.3 billion in 2015 and \$39.3 billion in 2020, with a CAGR of 16.6% through the forecast period.

The other fuels market is projected to increase from \$2.4 billion in 2015 to \$5.0 billion in 2020, with a CAGR of 16.2%.

I would like to order

Product name: The Market for Liquid Biofuels Outside North America

Product link: <https://marketpublishers.com/r/ME1607B4961EN.html>

Price: US\$ 1,375.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:

info@marketpublishers.com

Payment

To pay by Credit Card (Visa, MasterCard, American Express, PayPal), please, click button on product page <https://marketpublishers.com/r/ME1607B4961EN.html>

To pay by Wire Transfer, please, fill in your contact details in the form below:
