## Abstracts

### Report Scope:

This report examines the current and future market potential of non-invasive ventilators. It offers a detailed analysis of the competitive environment, regulatory scenario, technological advancement, drivers and restraints, and opportunities and trends in market growth. The report also covers market projections to 2026 and market rank for key market players. The report details the market share of non-invasive ventilators based on product type, age group, and end-user.

This report segments the global market by these geographical regions: North America, Europe, Asia-Pacific, and the Rest of the World. The North American region includes the U.S. and Canada; the European region includes Germany, the U.K., France, Italy, Spain, and the Rest of Europe; the Asia-Pacific region includes China, India, Japan, South Korea, and the Rest of Asia-Pacific.

For market estimates, data will be provided for 2020 as the base year, with estimates for 2021 and forecast value for 2026.

### Report Includes:

38 data tables and 21 additional tables

An overview of the global market for non-invasive ventilators

Analyses of the global market trends, with data from 2019 to 2021, with projections of compound annual growth rates (CAGRs) through 2026

Highlights of the market potential for non-invasive ventilators, based on type,

age group, end user and region

Detailed information about outbreak, symptoms, and progression of COVID-19, including epidemiology and current status, and discussion on effect of COVID-19 on medical tourism and Medtech

Coverage of regulatory landscape, product recalls, pipeline products, and discussion on future perspective, strategies and developments of the industry

Identification of market drivers, restraints and other forces impacting the global market and evaluation of current market trends, market size and forecast

Market share analysis of the key companies of the industry and coverage of events like mergers & acquisitions, joint ventures, collaborations or partnerships, and other key market strategies and a relevant patent analysis

Company profiles of major players, including GE, Hamilton Medical AG and Smiths Medical

### **CHAPTER 2 SUMMARY AND HIGHLIGHTS**

Highlights of the Market for Non-invasive Ventilators

### **CHAPTER 3 MARKET DYNAMICS AND TECHNOLOGY BACKGROUND**

Introduction  
Evolution of Medical Ventilators  
Negative-Pressure Ventilators  
Positive-Pressure Non-Invasive Ventilation  
Positive-Pressure Invasive Ventilators  
Typical Ventilator Settings  
Market Dynamics  
Market Drivers  
Market Restraints  
Opportunities

### **CHAPTER 4 MEDICAL DEVICE REGULATIONS**

Medical Device Definition and Classification  
Regulations
