Abstracts

Report Scope:

This report examines the current and forecasted market potential for spinal implants. It offers a detailed analysis of the market background, technological advancement, competitive environment, drivers and restraints and market growth trends. This report includes market projections through 2026, detailing the market share for spinal implants based on the product and material type.

By product, the spinal implants market is segmented into fusion and non-fusion implants. By material type, the spinal implants market is segmented into titanium, stainless steel, polyetheretherketone (PEEK) and others.

By geography, the spinal implants market has been segmented into Europe, North America, Asia-Pacific (APAC) and the Rest of the World (RoW). The detailed analyses of major countries such as the U.S., Germany, Canada, the U.K., Spain, Italy, France, Japan, India, and China are regional segments. For market estimates, data is provided for 2020 as the base year, 2021 and forecast through year-end 2026. Estimated values used are based on total revenues of spinal implant companies. Projected and forecast revenue values are in constant U.S. dollars and have not been adjusted for inflation.

Report Includes:

26 data tables and 10 additional tables

An overview of the global market for spinal implants

Estimation of the market size and analyses of global market trends, with data from 2019, 2020, 2021 and projections of compound annual growth rates

(CAGRs) through 2026

Characterization and quantification of market potential for spinal implants by product, type, and region

Information on technological advancements of the industry and stringent regulatory scenarios

Identification of market drivers, restraints and other forces impacting the global market and evaluation of current market trends, market size, and market forecast

Market share analysis of the key companies of the industry and coverage of events like mergers & acquisitions, joint ventures, collaborations or partnerships, and other key market strategies and a relevant patent analysis

Company profiles of major players, including B Braun Melsungen AG, DePuy Synthes, Globus Medical Inc., Medtronic, Stryker Corp., and Zimmer Biomet

Cons

CHAPTER 4 SPINAL IMPLANTS: MARKET DYNAMICS

Market Drivers

Growing Number of Minimally Invasive Spine Surgical Procedures

Spine Disorders

Technological Advancements

Rapid Growth of the World's Aged Populations

Market Restraints

Reimbursement Cuts

Stringent Regulatory Scenario

Expensive Treatment Procedures

Increased Number of Implant Recalls

CHAPTER 5 IMPACT OF COVID-19 PANDEMIC

Introduction

Outbreak

Impact of COVID-19 on Spinal Implants

CHAPTER 6 MARKET BREAKDOWN, BY PRODUCT

Introduction

Fusion Implants

Market Size and Forecast

Market Analysis

Non-fusion Implants

Market Size and Forecast
