REPORT SCOPE:

This report has been prepared in a simple, easy-to-understand format. A number of tables and charts/figures are included to illustrate current and future market scenarios. The report includes a detailed study of global and regional markets for various types of thermoformed plastics and for the various applications for thermoformed plastics in different fields and industries, with reasons given for variations in the growth of the industry in certain regions.

REPORT INCLUDES:

49 data tables and 19 additional tables

A comprehensive overview of thermoformed plastics and their global markets

Analyses of global market trends, with data from 2017 to 2018, and projections of compound annual growth rates (CAGRs) through 2023

Quantification of consumption markets for major types of plastics used as thermoformed materials into each of their major applications, which include rigid food and healthcare packaging, automobiles, building products, and an array of consumer and industrial/commercial products

Information on the market dynamics of thermoformed plastics, which include resin producers, plastic sheet producers, thermoformers and those in the major industries using these products

A look at the impact of regulatory, environmental, and legislative issues

impacting the global market

Profiles of the major companies that produce the key plastic materials that are converted into thermoformed products

Company profiles of the major players in the market, including Associated Thermoforming Inc., Bardes Plastics Inc., Clear Lam Packaging Inc., Display Pack Inc. and Fiber Pad Inc.

CHAPTER 2 SUMMARY

CHAPTER 3 TECHNOLOGY

Overview of the Thermoforming Process
Advantages of the Thermoforming Process
Disadvantages of the Thermoforming Process
Materials Suitable for Thermoforming
Polymers for Thermoforming Plastics
Various Types of Polymers Used for Thermoforming
Styrene Copolymers
Polypropylene
Polyethylene
Polyesters
Polyvinyl Chloride (PVC)
Polyacrylates
Acrylonitrile Butadiene Styrene (ABS)
Polycarbonates
Biodegradable Polymers
Other Miscellaneous Resins
Applications of Thermoformed Plastics
Packaging Applications
Food Packaging
Healthcare/Medical Packaging
Retail Packaging

Electronic Packaging
Building and Construction Applications
Automotive Applications
Aerospace and Aviation Applications
Consumer Goods Applications
Miscellaneous Products Application
Thermoforming Processes
Applications of the Thermoforming Process
General Categories of Thermoforming Processes
Thin-gauge Thermoforming
Thick/Heavy-gauge Thermoforming
Vacuum Forming
Pressure Forming
Twin-sheet Forming
Plug Assist Thermoforming
Miscellaneous Thermoforming Processes
Thermoforming Equipment—General Description
Thermoforming Equipment
Operation of Thermoforming Machines
Accessories Involved in Thermoforming Station
Method of Classifying Thermoforming Machines Based on Type of Automation
History of Thermoforming and Equipment

CHAPTER 4 MARKET BY TECHNOLOGY

Market for Resins Used in the Manufacture of Thermoformed Plastics
Regional Market for Resins Used in Manufacture of Thermoformed Plastics
North American Market for Resins in Thermoformed Plastics
European Market for Resins in Thermoformed Plastics
Asia-Pacific Market for Resins in Thermoformed Plastics
Rest of World Market for Resins in Thermoformed Plastics
Market for Standard Methods of Thermoforming
Regional Market for Thin-gauge Thermoforming
Market for Types of Heavy/Thick-gauge Thermoforming
Regional Market for Vacuum Thermoforming
Regional Market for Pressure Thermoforming
Regional Market for Mechanical/Matched Die Thermoforming
Regional Market for Plug Assist Thermoforming
Market for Types of Thermoforming Equipment

Regional Market for Heat and Cut-in-place Thermoforming Equipment
Regional Market for In-line Thermoforming Equipment
Regional Market for Two-station Thermoforming Equipment
Regional Market for Other Miscellaneous Thermoforming Equipment
Market for Types of Thermoforming Equipment, Based on General Classification
Regional Market for Manual Thermoforming Equipment
Regional Market for Semiautomatic Thermoforming Equipment
Regional Market for Fully Automatic Thermoforming Equipment

CHAPTER 5 MARKET BY APPLICATION

Market for Applications of Thermoformed Plastics
Market for Applications of Thermoformed Plastics Manufactured with Polystyrene/HIPS Resin
Market for Applications of Thermoformed Plastics Manufactured with Polypropylene Resin
Market for Applications of Thermoformed Plastics Manufactured with HDPE/LDPE Resin
Market for Applications of Thermoformed Plastics Manufactured with PET Resin
Market for Applications of Thermoformed Plastics Manufactured with PVC Resin
Market for Applications of Thermoformed Plastics Manufactured with ABS Resin
Market for Applications of Thermoformed Plastics Manufactured with PMMA Resin
Market for Applications of Thermoformed Plastics Manufactured with Polycarbonate
Market for Applications of Thermoformed Plastics Manufactured with Other Miscellaneous Resins
Market for Applications of Thermoformed Plastics in Food Packaging Products
Regional Market for Applications of Thermoformed Plastics in Food Packaging Products
Market for Applications of Thermoformed Plastics in Medical Packaging Products
Regional Market for Applications of Thermoformed Plastics in Medical/ Healthcare Packaging
Market for Applications of Thermoformed Plastics in Electronic Packaging Products
Regional Market for Applications of Thermoformed Plastics in Electronic Packaging Products
Market for Applications of Thermoformed Plastics in Building and Construction Products
Regional Market for Applications of Thermoformed Plastics in Building, Home and Construction Products
Market for Applications of Thermoformed Plastics in Appliances and Consumer Goods/Products
Regional Market for Applications of Thermoformed Plastics in Appliances and

Consumer Goods/Products

Market for Applications of Thermoformed Plastics in Automotive Products

Regional Market for Applications of Thermoformed Plastics in Automotive Products

Market for Applications of Thermoformed Plastics in Aviation Products

Regional Market for Applications of Thermoformed Plastics in Aviation Products

Market for Applications of Thermoformed Plastics in Other Miscellaneous Products

Regional Market for Applications of Thermoformed Plastics in Other Miscellaneous Products

CHAPTER 6 PATENT REVIEW/ NEW DEVELOPMENTS

Importance of Patents

New Thermoformed Plastic Products Developed by Various Companies

CHAPTER 7 ANALYSIS OF MARKET OPPORTUNITIES

Global Market for Thermoformed Plastics

North American Market for Thermoformed Plastics

European Market for Thermoformed Plastics

Asia-Pacific Market for Thermoformed Plastics

Rest of World Market for Thermoformed Plastics

Mergers and Acquisitions in Thermoformed Plastic Industry
