Abstracts

REPORT SCOPE:

The scope of this report is broad and covers multiple types of services available, instruments and consumables utilized, ongoing research and development in global validation, calibration and standardization in life sciences market and potential end-users. Global validation, calibration and standardization in the life sciences market is broken down into instruments and consumables, service type, service providers and end users. Revenue forecasts from 2017 to 2023 are given for each of these four segments, with estimated values derived from the total revenues of companies operating in the market.

The report includes a discussion of the major players across each region in validation, calibration and standardization in the life sciences market. This report also explains the major drivers and regional dynamics of this market and current trends within the industry.

The report concludes with a special focus on the vendor landscape and includes detailed profiles of the major vendors in this market.

REPORT INCLUDES:

85 data tables and 50 additional tables

Country specific data and analysis for US, Canada, Germany, France, UK, Spain, China, India, Japan, and Australia

Explanation of validation and calibration of instruments such as heap filters, pH meters, incubators, autoclaves, HPLC units, and GC units

Discussion of ongoing research in treatments of various diseases and susceptibility of various microbes toward traditional medicines as driving factors to the industry

Insight into the regulatory compliances in life science industry

Detailed profile of major companies of the industry, including Beckman Coulter, Inc., Biovia (Dassault Systems), Data Sciences International (DSI), IBM and Thermo Fisher Scientific

Contents

CHAPTER 1 INTRODUCTION

Study Goals and Objectives
Reasons for Doing This Study
Scope of Report
Information Sources
Methodology
Geographic Breakdown
Analyst's Credentials
BCC Custom Research
Related BCC Research Reports

CHAPTER 2 SUMMARY AND HIGHLIGHTS

CHAPTER 3 MARKET AND TECHNOLOGY BACKGROUND

Introduction
Market Potential
Regulatory Outlook
United States
Europe
China
Japan
Investment Analysis
Segment Overview
Instruments and Consumables
By Service Type
By Service Provider
Geographic Overview
North America
Asia-Pacific
Europe
Rest of World

CHAPTER 4 MARKET DETERMINANTS

Strict Regulatory Compliance in the Life Sciences Industry

Validation, Calibration and Standardization in the Life Sciences Market

Regulation of Medical Devices
Regulation of Environmental Testing
Regulation of Medical Devices Containing Drugs
Increasing Adoption of GMP for Global Business Opportunities
Surging Demand for Accurate Information and Preventive Maintenance of Instruments
High Growth in the Pharmaceutical and Biotechnology Market
Rising Adoption of Calibration Management Software

CHAPTER 5 MARKET BREAKDOWN BY SERVICE PROVIDER

In-house Validation, Calibration and Standardization in the Life Sciences Market
Objectives of Calibration
Need for In-house Calibration, Validation and Standardization
Benefits of In-house Calibration, Validation and Standardization
OEM Validation, Calibration and Standardization in the Life Sciences Market
Benefits of OEM Calibration
Objective in Selecting Original Equipment Manufacturer Calibration Provider
Companies Offering Calibration and Validation Services
Third-Party Validation, Calibration and Standardization in the Life Sciences Market
Importance of Third-Party Calibration Services
Companies Offering Third-Party Calibration and Validation Services
National Standards for Calibration Laboratories

CHAPTER 6 MARKET BREAKDOWN BY SERVICE TYPE

Analytical Technique Validation Parameters
Electrotechnical
Micro-Ohmmeter/DLRO Calibration
Megohmmeter Calibration and Insulation Tester Calibration
Power Supply Calibration: AC Power and DC Power
Oscilloscope Calibration
Electrotechnical Market, by Region
Pressure
Fluid Flow/Optical
Pipettes
Thermal
Mechanical
Others

CHAPTER 7 MARKET BREAKDOWN BY INSTRUMENTS AND CONSUMABLES

Instruments
Biochemistry Analyzers
pH Meters
Pressure and Temperature Calibrators
Others
Consumables
Calibration Kits/Sampling Kits
Slides
Filters
Glass Consumables
Others

CHAPTER 8 MARKET BREAKDOWN BY END USER

Pharmaceutical and Biotechnology Companies
Calibration in Pharmaceutical Industry
Instrument Calibration in Pharmaceutical Industry
Validation in the Pharmaceutical Industry
Drivers
Research Laboratories
Calibration in Research Laboratories
Validation in Research Laboratories
Clinics and Hospitals
Validation in Clinics and Hospitals
Calibration in Clinics and Hospitals
Contract Research Organizations

CHAPTER 9 MARKET BREAKDOWN BY REGION

North America
United States
Canada
Europe
United Kingdom
France
Germany
Spain

Rest of Europe
Asia-Pacific
China
India
Japan
Australia
Rest of Asia-Pacific
Rest of World
Latin America
Middle East and Africa

CHAPTER 10 INDUSTRY STRUCTURE

Raw Material Procurement
Quality and Technology
Terms and Conditions
Cost-Effective Components
Manufacturing and Development Process
Distributors
End Users

CHAPTER 11 COMPETITIVE ANALYSIS

CHAPTER 12 COMPANY PROFILES

AGILE LIFESCIENCE TECHNOLOGIES PVT. LTD.
AUTOCAL SOLUTIONS PVT. LTD.
BECKMAN COULTER, INC.
BIOVIA (DASSAULT SYSTEMS)
CALIBRATIONLAB BVBA
CBRE
DATA SCIENCES INTERNATIONAL (DSI)
ENDRESS+HAUSER
ESSCO CALIBRATION LABORATORY
EVOLUTION SCIENTIFIC
IBM
INSIGHT CALIBRATION SERVICES
J.A. KING
KARANDIKAR LABORATORIES PVT. LTD.

MERCK MILLIPORE
SGS
TANGENT LABS
TEKTRONIX
TELSTAR LIFE SCIENCE SOLUTIONS
THERMO FISHER SCIENTIFIC
TRANSCAT, INC.
TRESCAL
VAISALA
VALGENESIS
VERICHEK TECHNICAL SERVICES, INC.
WESTPORT CORP.
