Abstracts

REPORT SCOPE:

The scope of this report is broad and covers various product types used across wastewater treatment facilities around the world. These water treatment facilities could be standalone or integral parts of manufacturing and processing organizations as part of their final byproduct treatment facilities. Depending up on the end-user category, the wastewater treatment facilities are a mandatory component into the manufacturing plants, and are subjected to stringent regulatory frameworks to ensure safety to the environment.

The wastewater treatment market is further broken down by product type into two main streams, including chemicals and equipment. Revenue forecasts from 2018 to 2024 are given for each product type and end-user with estimated value derived from the companies' total revenues.

The report also includes a discussion of the major players across each regional wastewater treatment market. Further, it explains the major drivers and regional dynamics of the global wastewater treatment market and current trends within the industry.

The report concludes with a special focus on the vendor landscape and includes detailed profiles of the major vendors in the global wastewater treatment market.

REPORT INCLUDES:

52 data tables and 34 additional tables

A brief study and industry analysis of the global market for wastewater treatment with special emphasis on the coagulants, flocculants, corrosion inhibitors, biocides, and antifoaming agents

Analyses of global market trends with data from 2018 and 2019, and projections of compound annual growth rates (CAGRs) through 2024

Discussion of the current market size, emerging trends and market forecast, technological advancements, and R&D efforts within the global wastewater treatment marketplace

Identification of companies best-positioned to meet the demand for demand/supply of wastewater treatment equipment, chemicals and services owing to their proprietary technologies, mergers and acquisitions, strategic alliances or other demographic shifts taken place within the industry

Insight into the industry structure covering major market participants and their market share analysis, pricing trends, and other macro-economic factors influencing the demand

A look at the stringent regulatory norms and updates imposed by the government for discharge and disposal of wastewaters and their treatment processes

Patent analysis covering significant patent allotments and filings of patent applications

Profile description of the market leading companies, including Buckman Laboratories, Ecolab, Kemira OYJ, Solenis, Suez S.A., and The Dow Chemical Co.

Contents

CHAPTER 1 INTRODUCTION

Study Goals and Objectives
Reasons for Doing This Study
Scope of Report
Information Sources
Methodology
Geographic Breakdown
Analyst's Credentials
BCC Custom Research
Related BCC Research Reports

CHAPTER 2 EXECUTIVE SUMMARY

CHAPTER 3 MARKET OVERVIEW

Introduction
Market Potential
Value Chain Analysis
Regulatory Framework
Notable Regulatory Bodies and Compliance Guidelines in the U.S.
Porter's Five Forces Analysis
Bargaining Power of Buyers: HIGH
Bargaining Power of Suppliers: HIGH
Threat of Substitutes: MODERATE
Threat of New Entrants: LOW
Competitive Rivalry: HIGH
Growth Indicators and Key Supporting Factors
Industry Growth Drivers
Regulatory Compliance
Increasing Adoption of Automation Technologies
Climate Change and Circular Economy for Water
Increasing R&D Investments
Growing Need for Drinking Water and Wastewater Treatment
Retrofit Opportunity with Existing Customer Base
Increasing Crude Oil and Shale Gas Processing Capabilities
Growth of Apparel Manufacturing Activities

Growth of the Food and Beverage Industry

Industry Growth Restraints

Increasing OPEX

Increasing Environmental Concerns

PESTEL Analysis

Political

Economic

Social

Technological

Environmental

Legal

Insights into the Application of Wastewater Treatment

CHAPTER 4 GLOBAL MARKET FOR WASTEWATER TREATMENT BY MAJOR SEGMENT

CHAPTER 5 GLOBAL MARKET FOR WASTEWATER TREATMENT BY TYPE OF CHEMICAL

Coagulants

Flocculants

Scale and Corrosion Inhibitors

Biocides

Antifoaming Agents

Other Chemicals

CHAPTER 6 GLOBAL MARKET FOR WASTEWATER TREATMENT EQUIPMENT AND SERVICES

Membrane Separation

Biological

Disinfection

Sludge Treatment

Others

Membrane Separation

Biological

Disinfection

Sludge Treatment

Other Types of Wastewater Equipment and Services

CHAPTER 7 GLOBAL MARKET FOR WASTEWATER TREATMENT: END-USER INDUSTRY TRENDS

CHAPTER 8 GLOBAL MARKET FOR WASTEWATER TREATMENT BY REGION

North America
United States
Europe
United Kingdom
Germany
Asia-Pacific
India
China
Rest of the World

CHAPTER 9 INDUSTRY STRUCTURE AND COMPETITIVE LANDSCAPE

Introduction
Industry Participants in the Chemical Segment
Raw Material Suppliers
Wastewater Treatment Chemical Manufacturers
Distributors and Traders
Regulatory Bodies and Associations
End Users
Industry Participants in the Equipment Segment
Raw Material Suppliers
Wastewater Treatment Equipment Manufacturers
Distributors and Traders
Regulatory Bodies and Associations
End Users
Competitive Landscape
Mergers and Acquisitions
Joint Ventures
Innovations
Other Key Market Strategies

CHAPTER 10 COMPANY PROFILES

BAUMINAS QUIMICA S/A
BUCKMAN LABORATORIES
DORF KETAL
THE DOW CHEMICAL CO.
ECOLAB
FERALCO GROUP
GEO SPECIALTY CHEMICALS INC.
HYDRITE CHEMICAL CO.
IXOM
KEMIRA OYJ
KURITA WATER INDUSTRIES LTD.
MCC CHEMICALS INC.
SNF FLOERGER
SOLENIS
SUEZ SA

I would like to order

Product name: Wastewater Treatment: Coagulants, Flocculants, Corrosion Inhibitors, Biocides, and Antifoaming Agents

Product link: <https://marketpublishers.com/r/WF3574C0A175EN.html>

Price: US\$ 2,750.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:

info@marketpublishers.com

Payment

To pay by Credit Card (Visa, MasterCard, American Express, PayPal), please, click button on product page <https://marketpublishers.com/r/WF3574C0A175EN.html>
