REPORT SCOPE:

This research report categorizes the watch, clock and measuring device market by type. Product type include watch, clock and measuring device.

REPORT INCLUDES:

96 tables

An overview of the global market and future demand for watches, clocks, and measuring devices

Analyses of global market trends, with data from 2013 through 2017, and projections of compound annual growth rates (CAGRs) through 2022

Evaluation of the role of accelerometers in smart watches for performance enhancement

Discussion of customer information and market characteristics along with macro-economic factors compared with the market

Comprehensive profiles of major players in the market, including Apple, Fitbit, Garmin, Huawei, and Samsung

EXECUTIVE SUMMARY

Global watch, clock and measuring device manufacturing market growth outlook is positive with significant growth potential for smart watches and luxury watches. There is mounting pressure on watch, clock and measuring device manufacturers to offer cost effective smart watches with advanced features. At the same time, emerging markets growth, urbanization, rising population, rising disposable income globally is driving the demand for watch, clock and measuring device manufacturing market. The market for watch, clock and measuring device manufacturing reached a value of nearly REDACTED in 2017 and is expected to grow at a compound annual growth rate (CAGR) of REDACTED to nearly REDACTED billion by 2020.

The market for watch, clock and measuring device manufacturing is somewhat concentrated with a few large players dominating the market. Major players in the market include Apple Inc., Samsung Electronics Co., Ltd., Fitbit, Inc., Huawei Investment & Holding Co., Ltd., Garmin Ltd., and others. Measuring devices accounted for the largest share of the market for watch, clock and measuring devices in 2017 at REDACTED. The highest growth is also projected to come from measuring devices which is forecasted to grow at a CAGR of REDACTED. Major factors included economic growth and technological advancements.

Asia Pacific is the largest market for watch, clock and measuring devices accounting for REDACTED of the global market. It was followed by North America and Western Europe. Going forward, Africa is expected to witness the fastest growth in the watch, clock and measuring devices market, estimated at grow at a CAGR of REDACTED, followed by North America, which is expected to grow at a CAGR of REDACTED.

The USA is the largest market in terms of value in the watch, clock and measuring devices market. India and the USA are forecasted to have the fastest growth, growing at a CAGR of REDACTED and REDACTED, respectively.

The market is challenged by restraints such as shortage of skilled labor, decreasing public investments in scientific research and rising trade protectionism.
