REPORT SCOPE:

The scope of this report is broad and covers application of whey protein. The market has been segmented by product type into food and beverages, infant formulation, personal care and cosmetics and others. Revenue forecasts from 2017 to 2023 are given for each of the segments and regional markets with estimated values derived from the manufacturers' total revenues.

The report also includes a discussion of the major players across each region in the whey protein market. Further, it explains the major drivers, innovations and advancements, along with regional dynamics of the global whey protein market and current trends within the industry.

The report concludes with a special focus on the vendor landscape and includes detailed profiles of the major vendors in the market.

REPORT INCLUDES:

87 data tables and 22 additional tables

A brief general outlook of current and emerging applications of whey protein

Analyses of the global market trends with data from 2017 and 2018, and projections of compound annual growth rates (CAGRs) through 2025

Detailed regional trade analysis, and import and export of whey protein ingredients in value and volumetric terms

Identification of shifts in the market and the competitive landscape among key market players, their recent developments, major M&A deals and strategic alliances

Examination of drivers, restraints, challenges, and opportunities that would impact this industry

Comprehensive profiles of major participatory companies within the market, including Agropur Dairy Cooperative, Amul, Hilmar Cheese Co., Milk Specialties Global, Fonterra Cooperative Group and Carbery
