## **Abstracts**

### **The World's Top 50 Cable Assembly Companies and the 2012 Worldwide Cable Assembly Market Forecast**

Bishop and Associates has just released the new 2012 edition of the Top 50 Cable Assembly Companies and 2012 cable assembly market forecast. This 160-page report includes a list of the top 50 companies, in order of their 2011 cable assembly revenues, and profiles on each company.

The profiles include a description of the company and its location; the total number of employees in the company and the number of employees involved in the cable assembly business; the 2011 total revenues for the company and the revenues for the cable assembly business; the market sectors that the companies participate in or their primary focus; the types of cable assembly products produced by the company; 2011 cable assembly revenues by region of the world; the management team for the company; and the locations of the manufacturing facilities for the cable assembly business.

The information on each company was compiled from information provided directly from the companies and/or from public records. Where complete information was not accessible, estimates were made based on the available information.

In the market forecast overview, the data is provided for the years 2011 through 2016 by region of the world and by market sector. Data is also provided by product type by market sector for the years 2011 and 2016. The chapter also discusses the major factors affecting the 2012 through 2016 forecast.

## Overview of the Top 50 Report

The top 50 cable assembly companies ranged in 2011 cable assembly revenues from \$10.1 billion at the top to \$125 million at the bottom of the list. Yazaki is the largest company.

Combined 2011 cable assembly revenues for the top 50 is \$52.6 billion.  
Combined total revenues of the companies in the top 50 is \$303.7 billion.

The 2011 worldwide cable assembly market value is \$122.6 billion. The top 50 companies manufacture 43% of this market value.

Seven of the top 10 cable assembly companies have substantial business in the automotive market sector.
