## Abstracts

The second largest end-use equipment sector, the telecom market is anticipated to have connector sales of more than \$11 billion in 2016, and \$16 billion by 2021.

What factors will contribute to this growth? Will these same factors continue to drive this end-use equipment sector?

Which region will show the greatest increase over the forecast period? Will any of the regions show a decline?

Within the five primary telecom equipment categories, where is the greatest potential for growth. Which primary equipment category has the greatest potential for a decline over the forecast period?

During the forecast period, which of the various telecom equipment categories has the greatest probability of growth, of decline?

Which connector types will benefit the most from an increase in telecom connector sales? Will any connector types see a decrease in demand?

An end-use equipment market that is highly influenced by consumer behavior, the telecom connector market is the second largest market for connectors. The factors and trends driving this sector and the telecom equipment types that will benefit from this growth are presented in this new business intelligence report from industry leader, Bishop & Associates. The report provides analyses by primary equipment group, equipment type, region, and connector type, and includes detailed statistics of the world telecom connector market. Be prepared for the explosive growth in the telecom connector market, order your copy of the World Telecom Connector Market 2016 -

2021.

Telecom Five-Year CAGR by Region 2016 to 2021

### **CHAPTER 4 – ENTERPRISE NETWORK EQUIPMENT**

## Market Overview

Enterprise Network Equipment Connector Sales 2017 to 2021

Enterprise Network Equipment Connector Sales by Region of the World 2016 to 2021

Enterprise Network Equipment Connector Sales 2016 to 2021 Comparison by Region

Enterprise Network Equipment Connector Sales Share of Market by Region of the World

## Enterprise Equipment Overview

Enterprise Network Equipment Connector Sales by Equipment Category

Enterprise Network Equipment Connector Sales for Legacy Equipment

Enterprise Network Equipment Connector Sales for Current Equipment

Enterprise Network Equipment Connector Sales by Equipment Category 2016 vs 2021

## Connector Type Value Overview
