Abstracts

In the past few years, the K-12 Student Information Systems market experienced a huge change
under the influence of COVID-19, the global market size of K-12 Student Information Systems
reached million $ in 2021 from in 2016 with a CAGR of #VALUE! from 2016-2021 is. As of
now, the global COVID-19 Coronavirus Cases have exceeded 200 million, and the global epidemic
has been basically under control, therefore, the World Bank has estimated the global economic
growth in 2021 and 2022. The World Bank predicts that the global economic output is expected
to expand 4 percent in 2021while 3.8 percent in 2022. According to our research on K-12 Student
Information Systems market and global economic environment, we forecast that the global
market size of K-12 Student Information Systems will reach million $ in 2026 with a CAGR of %
from 2021-2026.

Due to the COVID-19 pandemic, according to World Bank statistics, global GDP has shrunk by
about 3.5% in 2020. Entering 2021, Economic activity in many countries has started to recover
and partially adapted to pandemic restrictions. The research and development of vaccines has

made breakthrough progress, and many governments have also issued various policies to
stimulate economic recovery, particularly in the United States, is likely to provide a strong boost
to economic activity but prospects for sustainable growth vary widely between countries and
sectors. Although the global economy is recovering from the great depression caused by
COVID-19, it will remain below pre-pandemic trends for a prolonged period. The pandemic has
exacerbated the risks associated with the decade-long wave of global debt accumulation. It is
also likely to steepen the long-expected slowdown in potential growth over the next decade.

The world has entered the COVID-19 epidemic recovery period. In this complex economic
environment, we published the Global K-12 Student Information Systems Market Status, Trends
and COVID-19 Impact Report 2021, which provides a comprehensive analysis of the global K-12
Student Information Systems market , This Report covers the players' data, including: revenue,
gross margin, business distribution etc., these data help the consumer know about the
competitors better. This report also covers all the regions and countries of the world, which
shows the regional development status, including market size and value, as well as price data.
Besides, the report also covers segment data, including: type wise, industry wise, channel wise
