The arms and ammunition market in Chile has exhibited a robust growth in the recent past. The rise in illegal drug trade in bordering nation and rising demand for arms and ammunition from the tourism industry have caused the government to strengthen law enforcement agencies and military forces. The competitive landscape includes market players supplying arms and ammunition to Chile from all over the world. Factors such as cost, innovation and development, and ease of accessibility have been significant for gaining growth in the arms and ammunition market in Chile. Additionally, increased demand for small arms and ammunition for purposes such as hunting, and sporting is expected to drive the growth of small arms and ammunition during the forecast period.

The following points provide a concrete description of the topics covered in the report:

This report identifies the arms and ammunition market in Chile across different categories such as military weapons, revolvers and pistols, firearms and similar devices, spring/gas guns or pistols, parts and accessories for weapons, bombs and grenades, and small caliber ammunition.

The report mentions about key market players for each category of arms and ammunition imported in the Chile market.

There is an additional focus on small caliber ammunition market. The report provides expected value and volume of imports for small caliber ammunition by
