Abstracts

This report will be delivered in 3-5 working days.

Introduction to Europe Space-Based Edge Computing Market

The Europe space-based edge computing market is estimated to reach \$386.8 million by 2033 from \$47.5 million in 2023, at a CAGR of 23.34% during the forecast period 2023-2033. Companies in the space-based edge computing market are experiencing increased demand, driven by the expanding defense industry. The market ecosystem includes both manufacturers of components and end users.

Market Introduction

The Europe Space-Based Edge Computing Market is undergoing significant growth, spurred by a surge in demand from diverse industries. With an increasing focus on leveraging advanced technologies, the region is witnessing heightened adoption of space-based edge computing solutions. These technologies find applications across sectors such as defense, telecommunications, and satellite operations, driving the market's expansion. The European market's ecosystem encompasses a spectrum of players, including component manufacturers and end-users seeking innovative edge computing solutions. Government initiatives and investments in space technologies further contribute to the market's momentum. As Europe continues to embrace digital transformation, the space-based edge computing market is expected to play a pivotal role in enhancing connectivity, data processing capabilities, and overall efficiency, fostering technological advancements across various industries in the region.

How can this report add value to an organization?

Growth/Marketing Strategy: The Europe space-based edge computing market has seen major development by start-up players operating in the market, such as business expansion activities, contracts, mergers, partnerships, collaborations, and joint ventures. The favored strategy for the companies has been contracted to strengthen their position in the Europe space-based edge computing market.

Competitive Strategy: Key players in the Europe space-based edge computing market analyzed and profiled in the study involve space-based edge computing services and space-based edge computing product providers. Moreover, a detailed competitive benchmarking of the players operating in the Europe space-based edge computing market has been done to help the reader understand how players stack against each other, presenting a clear market landscape. Additionally, comprehensive competitive strategies such as contracts, partnerships, agreements, acquisitions, and collaborations will aid the reader in understanding the untapped revenue pockets in the market.

Key Market Players and Competition Synopsis

The companies that are profiled have been selected based on inputs gathered from primary experts and analysing company coverage, product portfolio, and market penetration.

Some of the prominent companies in this market are:

ALL.SPACE

KP Labs

Little Place Labs

Ubotica Technologies

Contents

Executive Summary

Scope of the Study

1 MARKETS

1.1 Industry Outlook

1.1.1 Space-Based Edge Computing Market: Overview

1.1.2 Current and Emerging Technological Trends

1.1.2.1 Edge Computing With 5G

1.1.2.2 In-Orbit Data Centers

1.1.2.3 Edge Computing for Constellation Applications

1.1.2.4 Interplanetary Edge Computing

1.1.3 Edge-Based Earth Observation Optimization

1.1.4 Emerging Small Satellite Constellations (0-600Kg): A Growth Opportunity for Space-Based Edge Computing Solutions, 2023-2033

1.1.5 Ongoing and Upcoming Projects

1.1.5.1 ISS-HPE Spaceborne Computer

1.1.5.2 Space-Based Data Centers

1.1.6 Pricing Analysis: Terrestrial vs. Cloud Computing vs. Edge Computing

1.1.7 Startups and Investment Scenarios

1.1.8 Value Chain Analysis

1.2 Business Dynamics

1.2.1 Business Drivers

1.2.1.1 Reduction in Data Processing Time Framework

1.2.1.2 Evolving Service Requirements

1.2.2 Business Challenges

1.2.2.1 Cyber Security Constraints in Space-Based Edge Computing

1.2.2.2 Evolving Rules and Regulations for Device Management

1.2.3 Corporate Strategies

1.2.3.1 Partnerships, Collaborations, Agreements, and Contracts

1.2.3.2 Others

1.2.4 Business Opportunities

1.2.4.1 Increase in Adoption of Satellite-Based IoT Services

2 EUROPE

2.1 Space-Based Edge Computing Market (by Region)

Europe Space-Based Edge Computing Market: Analysis and Forecast, 2023-2033

2.2 Europe

2.2.1 Market

2.2.1.1 Key Manufacturers and Suppliers in Europe

2.2.1.2 Business Drivers

2.2.1.3 Business Challenges

2.2.2 Application

2.2.2.1 Europe Space-Based Edge Computing Market (by End User)

2.2.3 Europe (by Country)

2.2.3.1 Germany

2.2.3.1.1 Application

2.2.3.1.1.1 Germany Space-Based Edge Computing Market (by End User)

2.2.3.2 U.K.

2.2.3.2.1 Market

2.2.3.2.1.1 Key Manufacturers and Suppliers in the U.K.

2.2.3.2.2 Application

2.2.3.2.2.1 U.K. Space-Based Edge Computing Market (by End User)

2.2.3.3 France

2.2.3.3.1 Market

2.2.3.3.1.1 Key Manufacturers and Service Providers in France

2.2.3.3.2 Application

2.2.3.3.2.1 France Space-Based Edge Computing Market (by End User)

2.2.3.4 Rest-of-Europe

2.2.3.4.1 Application

2.2.3.4.1.1 Rest-of-Europe Space-Based Edge Computing Market (by End User)

3 MARKETS - COMPETITIVE BENCHMARKING & COMPANY PROFILES

3.1 Competitive Benchmarking

3.2 ALL.SPACE

3.2.1 Company Overview

3.2.1.1 Role of ALL.SPACE in Space-Based Edge Computing Market

3.2.1.2 Product Portfolio

3.2.2 Business Strategies

3.2.2.1 New Product Launches and Mergers and Acquisitions

3.2.3 Analyst View

3.3 KP Labs

3.3.1 Company Overview

3.3.1.1 Role of KP Labs in Space-Based Edge Computing Market

3.3.1.2 Product Portfolio

3.3.2 Corporate Strategies

3.3.2.1 Partnerships, Collaborations, Agreements, Investments, and Contracts

3.3.3 Analyst View

3.4 Little Place Labs

3.4.1 Company Overview

3.4.1.1 Role of Little Place Labs in Space-Based Edge Computing

3.4.1.2 Product Portfolio

3.4.2 Corporate Strategies

3.4.2.1 Partnerships, Collaborations, Agreements, and Contracts

3.4.3 Analyst View

3.5 Ubotica Technologies

3.5.1 Company Overview

3.5.1.1 Role of Ubotica Technologies in Space-Based Edge Computing Market

3.5.1.2 Product Portfolio

3.5.2 Corporate Strategies

3.5.2.1 Partnerships, Collaborations, Agreements, and Contracts

3.5.3 Analyst View
