Abstracts

Asian Cryotherapy Units Market to reach USD XXX billion by 2025.

Asian Cryotherapy Units Market valued approximately USD XXX billion in 2016 is anticipated to grow with a healthy growth rate of more than XX% over the forecast period 2017-2025. The growth of this market is majorly driven by factors such as growing incidence of cancer and cardiac conditions; increasing demand for minimally invasive procedures; technological advancements in cryotherapy equipment; and growing popularity in the beauty, wellness, and fitness industries. In the cryotherapy report, the market is segmented on the basis of product, application, end user, and region. On the basis of product, the global market is segmented into cryosurgery devices, localized cryotherapy devices, and cryochambers & cryosaunas. The cryosurgery devices segment is further divided into tissue contact probes, tissue spray probes, and epidermal & subcutaneous cryoablation devices. The cryosurgery devices segment is expected to register the highest CAGR during the forecast period. The high growth in this segment can be attributed to the increasing preference for minimally invasive procedures and technological advancement in cryosurgery devices.

The geographic segments in this report include North America, Europe, Asia Pacific, and Rest of worlds. Of these, the North American segment is expected to account for the largest share of the market in 2017. The large share of this region can be attributed to the increasing popularity of cryosaunas and rising prevalence of CVDs and cancer in the US, along with the increasing number of cardiac arrest cases in Canada.
