Abstracts

Global Bank Kiosk Agents Market is valued approximately at USD 0.66 billion in 2020 and is anticipated to grow with a healthy growth rate of more than 12% over the forecast period 2021-2027. A bank kiosk are the small electronics machines installed by banks at different locations operated with the help of internet. The purpose of these machines is to offer banking services without the need to visit the bank. The Bank Kiosk market is being driven by growing demand for self- servicing in banking and financial services and especially by enhanced customer services offered by banks kiosks for example ATM. Moreover, enhancement of kiosks by integration of various features such as contact-less payment is boosting the market worldwide. For instance, A next-generation ATM software platform, in October 2020, was introduced by NCR Corporation named as NCR Activate Enterprise NextGen. This software allows easier and faster digital services to customers through the ATM by integrating physical and digital for a consistent customer experience. However, high installation cost as well as increasing use of mobile banking are the factors that may hamper the bank kiosk market growth to certain extent
