Abstracts

Computer Aided Design CAD Market to reach USD 13.8 billion by 2025.

Computer Aided Design CAD Market valued approximately USD 8.15 billion in 2016 is anticipated to grow with a healthy growth rate of more than 5.84% over the forecast period 2018-2025. Increasing demand for computer aided design software in the automotive industry is a key growth driver for the market. In addition, the major driving factors are increase in number of applications and shift in consumer preference towards perfect designing. CAD plays a major role in ensuring superior quality and precision in the manufacturing of automotive parts as well as enables complex simulations of new product designs and their function in response to real-world forces while speeding up the time to market. The increase in applications of software across various segment of the industry such as, automation and control, robotics, internet of things, has boosted the market growth. Complex operations and lack of skilled professional are the major restraining factors of the computer aided design. Growing development of computer aided design software in developing economies is one of the major opportunity in computer aided design software market. Computer-aided design (CAD) is the use of computer systems (or workstations) to aid in the creation, modification, analysis, or optimization of a design. CAD software is used to increase the productivity of the designer, improve the quality of design, improve communications through documentation, and to create a database for manufacturing. The advantages of computer aided design software is the ability to producing very accurate designs; drawings can be created in 2D or 3D and rotated; other computer programs can be linked to the design software. By using computer aided design software, it increase the

productivity of the designer.

The regional analysis of Computer Aided Design CAD Market is considered for the key regions such as Asia Pacific, North America, Europe, Latin America and Rest of the World. North America is the leading/significant region across the world in terms of market share. Whereas, owing to the countries such as China, Japan, and India, Asia Pacific region is anticipated to exhibit higher growth rate / CAGR over the forecast period 2018-2025.

The objective of the study is to define market sizes of different segments & countries in recent years and to forecast the values to the coming eight years. The report is designed to incorporate both qualitative and quantitative aspects of the industry within each of the regions and countries involved in the study. Furthermore, the report also caters the detailed information about the crucial aspects such as driving factors & challenges which will define the future growth of the market. Additionally, the report shall also incorporate available opportunities in micro markets for stakeholders to invest along with the detailed analysis of competitive landscape and product offerings of key players. The detailed segments and sub-segment of the market are explained below:

By Application			
	Automobile		
	Aerospace		
	Others		
By Type			
	CATIA		
	SolidWorks		
	AutoCAD		

By Regions:

Forecast period – 2018 to 2025

North America		
U.S.		
Canada		
Europe		
UK		
Germany		
Asia Pacific		
China		
India		
Japan		
Latin America		
Brazil		
Mexico		
Rest of the World		
Furthermore, years considered for the study are as follows:		
Historical year – 2015, 2016 Base year – 2017 Fare cost region 2018 to 2005		

The industry is seeming to be fairly competitive. Some of the leading market players include Syniverse Technologies, TurboCAD, Sketchup, CADopia, Progesoft, FormZ, SolidWorks, Skyciv, SmartDraw, Bentley Systems, Corel, Robysketch, ANSYS and so on. Acquisitions and effective mergers are some of the strategies adopted by the key

manufacturers. New product launches and continuous technological innovations are the key strategies adopted by the major players.

Target Audience of the Computer Aided Design CAD Market in Market Study

Key Consulting Companies & Advisors

Large, medium-sized, and small enterprises

Venture capitalists

Value-Added Resellers (VARs)

Third-party knowledge providers

Investment bankers

Investors
