## **Abstracts**

Global Airsoft Guns Market is valued approximately USD XX billion in 2021 and is anticipated to grow with a healthy growth rate of more than XX % over the forecast period 2022-2028. Airsoft Guns is a replica toy guns which is used in airsoft sports. This are the special type of low-power smoothbore air guns which is designed to shoot non-metallic spherical projectiles often colloquially referred to as 'BBs', and are typically made of plastic or biodegradable resin materials. The increasing in demand for airsoft sports activity has led the adoption of Airsoft Guns across the forecast period. For Instance: AirsoftC3, LLC a US based company which is one of the key hosts of indoor and outdoor airsoft games which gives field, airsoft guns, bb guns, and protective gear on rent. Also, with the growing trend of outdoor team sports, the adoption & demand for Airsoft Guns is likely to increase the market growth during the forecast period. However, the rise in awareness among individuals about the severe injuries because of airsoft guns might impede the growth of the market over the forecast period of 2022-2028.

The key regions considered for the Global Airsoft Guns Market study includes Asia Pacific, North America, Europe, Latin America and Rest of the World. North America is the significant region across the world in terms of market share owing to the rising participation among individuals in adventure sports such as hunting and target shooting in this region is driving the growth for the market. Whereas, Rest of the World is anticipated to exhibit highest CAGR over the forecast period 2022-2028. Factors such as rising disposable income and changing consumer behavior towards adventure sports would create lucrative growth prospects for the Airsoft Guns market across Asia-Pacific region.
