Global All-terrain Vehicle Market is valued approximately at USD 3.92 Billion in 2020 and is anticipated to grow with a healthy growth rate of more than 2.5% over the forecast period 2021-2027. All-terrain vehicles are popular for their unique maneuverability and off-road capabilities that are used on the difficult terrains, where normal vehicles find difficulty in driving such as mountain roads. The global All-terrain Vehicle market is being driven by increased military expenditure by the respective countries as these vehicles are extensively operated by the defense forces in various operations. For instance, according to Statista, the global military spending has increased from USD 1855 Billion in 2018 to USD 1922 Billion in 2019.
