Abstracts

Global Almond Flour Market is valued at approximately USD 1454.9 million in 2021 and is anticipated to grow with a healthy growth rate of more than 8.10 % over the forecast period 2022-2028. Almond Flour is used in households, food & beverage, industrial, cosmetics, dietary supplements and in the making of breakfast cereals and other food items. The increasing awareness towards healthy food consumption has led to the adoption of Almond Flour across the forecast period. For Instance: According to healthbenefitsof.org in 2021, the benefits of almonds are popular due to its health benefits. Almond Flour is useful for cancer patients, in diabetes in losing weight and keeps the heart healthy. According to the World Health Organization in 2020, public health is a major concern globally thus, WHO is working to spread awareness regarding healthy habits and nutritional supplements. As per the same source, limiting free sugar intake to about less than 10 % of total energy intake is beneficial. And salt intake to less than 5 g per day. Rising demand for gluten-free flour enhances the market growth of almond flour. Also, with the increasing spending towards fitness, the adoption & demand for Almond Flour is likely to increase the market growth during the forecast period. However, fluctuating prices of raw materials impede the growth of the market over the forecast period of 2022-2028.

The geographical regions considered for the Global Almond Flour Market analysis include Asia Pacific, North America, Europe, Latin America and Rest of the World. Asia

Asia-Pacific is expected to lead the world Almond Flour market due to the growing demand for dietary supplements, rising consumer base and growing production of almonds. Whereas, Asia-Pacific is also estimated to attain a maximum growth rate during 2022-2028. Factors such as rising disposable income, increasing awareness towards the nutritional benefits of almonds and increasing population would create beneficial growth forecasts for the Almond Flour market across Asia-Pacific region.
