Abstracts

Global Amphibious ATV Market is valued at approximately USD XX billion in 2020 and is anticipated to grow with a healthy growth rate of more than 9 % over the forecast period 2021-2027. Amphibious ATV is a vehicle for transporting passengers and cargo that can operate on land and in water. The rise in Commercial Applications, rise in Investments from the Defence Sector has led to the adoption of Amphibious ATV across the forecast period. For Instance: as per the Stockholm International Peace Research Institute (SIPRI), military spending by the US grew by 5.3% to a total of USD 732 billion in 2019 and accounted for 38% of global military spending. Also, with the growing tourism sector, the adoption & demand for Amphibious ATV is likely to increase the market growth during the forecast period. However, high initial costs impede the growth of the market over the forecast period of 2021-2027.

The key regions considered for the global Amphibious ATV market study includes Asia Pacific, North America, Europe, Latin America and Rest of the World. North America is the leading region across the world in terms of market share owing to the improvement of the amphibious ATV market. Whereas, Europe is also anticipated to exhibit the highest growth rate / CAGR over the forecast period 2021-2027. Factors such as the government initiatives to target an emission reduction and set sustainability criteria to control fuel emission would create lucrative growth prospects for the Amphibious ATV market across Europe region.
