Abstracts

Global Anxiety Disorders & Depression Treatment Market is valued approximately USD 16.66 billion in 2020 and is anticipated to grow with a healthy growth rate of more than 1.85% over the forecast period 2021-2027. Anxiety and Depression are classified as a mood disorders symptoms of which include feelings of sadness, loss, or anger that interfere with a person's everyday activities. Major Depressive Disorder, Persistent depressive disorder and Premenstrual dysphoric disorder are some commonly occurring types of depression. After the COVID-19 pandemic, there is the sudden upsurge of mental health related disorders due to the grim atmosphere around, social distancing and loneliness. The rise in cases of depression and anxiety disorders, coupled with the increasing awareness for the mental health wellbeing, are driving the Anxiety Disorders & Depression Treatment market. Depression has become a rapidly commonplace disorder, due to hectic lifestyle and stressed work and personal life. According to anxiety and depression association of America, depression is the leading cause of disability in the United States among people ages 15-44. It also reports that in 2017, an estimated 17.3 million aged 18 years or older had experienced at least one major depressive episode in the last year in USA, which represented 6.7 percent of all American adults. Almost 75% of people with mental disorders remain untreated in developing countries such as India and China, with almost 1 million people committing suicide. The patents of many companies operating in anxiety and depression treatment are expiring which are giving rise to use of generics. The issues of expiration of patents of branded anxiety and depression curing drugs may act as a restraint for its growth. However, increasing efforts of government to tackle mental health issues acts as an

opportunity for Anxiety Disorders & Depression Treatment Market in subsequent decade.

Key regions such as Asia Pacific, North America, Europe, Latin America and Rest of the World are analyzed to provide a holistic picture of Anxiety Disorders & Depression Treatment Market. Due to increased awareness for depression and anxiety as well as higher per capita income, North America is the significant region across the world in terms of market share. Whereas, Asia-Pacific is expected to exhibit highest growth rate for the forecast period 2021-2027 owing to the growing population living a stressed work and personal life.
