## Abstracts

Global Bakery Premixes Market is valued approximately USD 282.2 million in 2018 and is anticipated to grow with a healthy growth rate of more than 5.6% over the forecast period 2019-2026. Bakery premixes are mixture of ingredients that are a part of end products to which flour is added for the production of range of bakery goods. These contain unique formulations in baking ingredients and offer variety of bakery products like white bread, pastry, donut, cake, baking flour, muffins, and bread roll with different texture, taste and smell. Further, the increasing trend of spending on ready-to-use food products has led the adoption of Bakery Premixes across the forecast period. These ready-to-use mixes support the key companies to cater to the changing consumer demands and preferences of domestic consumers by offering customized taste experiences. Also, the development of bakery premixes market is dependent on the development of bakeries which is experiencing a positive growth owing to the development of food delivery apps.

The regional analysis of global Bakery Premixes market is considered for the key regions such as Asia Pacific, North America, Europe, Latin America and Rest of the World. North America is the leading/significant region across the world in terms of market share owing to ready-to-use mixes support the key companies to cater to the changing consumer demands and preferences of domestic consumers by offering customized taste experiences. Whereas, Asia-Pacific is also anticipated to exhibit highest growth rate / CAGR over the forecast period 2019-2026. Factors such as rising incomes, rapidly changing lifestyles of customers, consumer demand for nutritional &

healthy products, purchasing power and rise in consumer awareness would create lucrative growth prospects for the Bakery Premixes market across Asia-Pacific region.
