Abstracts

Global Banana Flour Market is valued at approximately USD XX billion in 2021 and is anticipated to grow with a healthy growth rate of more than 4.4 % over the forecast period 2022-2028. Banana Flour is made of green bananas. It is beneficial for health due to its low acidity, large soluble solid content, and minerals. The increasing awareness towards the benefits of bananas has led to the adoption of Banana Flour across the forecast period. For Instance: According to natural-cure.org in 2019, banana is useful for any gastronomical problems, anemia, improves blood pressure and relieves constipation, boosts memory and treats ulcers etc. Rising public inclination towards plant-based food enhances the growth of Banana Flour market. Also, with the increasing spending towards healthy food intake, the adoption & demand for Banana Flour is likely to increase the market growth during the forecast period. However, fluctuating prices of raw materials impede the growth of the market over the forecast period of 2022-2028.

The geographical regions considered for the Global Banana Flour Market analysis include Asia Pacific, North America, Europe, Latin America and Rest of the World. Asia Pacific is dominated as the significant region across the globe in terms of huge market

share due to the increasing cultivation of bananas, rising demand for Banana Flour and growing awareness towards the health benefits of bananas. Whereas, Asia-Pacific is also estimated to attain a maximum growth rate during 2022-2028. Factors such as rising disposable income, increasing public inclination towards healthy food consumption would create beneficial growth forecasts for the Banana Flour market across Asia-Pacific region.
