Abstracts

Global Camping Utensils Market is valued approximately USD 2.6 billion in 2021 and is anticipated to grow with a healthy growth rate of more than 6% over the forecast period 2022-2029. Camping Utensils refers to tiny kitchen cooking equipment that are intended to be used in outdoor camping. These utensils are made from lightweight materials, and features multifunction parts. There different types of utensils used in camping such as pots, pan, cookware, gas stove and LPG container among others. The increasing demand for Camping equipment's and growing expansion of E-Commerce industry worldwide as well as strategic initiatives from leading market players are key factors accelerating the market growth.

According to Statista – in 2019, the sales of camping equipment in United States was estimated at USD 461.83 million, and this number is further increased by 31 percent in 2020 to reach to USD 605 million. Moreover, as per Statista - In 2021, the global retail e-commerce sales was estimated at USD 5.2 trillion, and this number is projected to grow to USD8.1 trillion dollars by 2026. Also, growing trend of solo travelling worldwide and rising emergence of Work from home & remote work would create lucrative growth prospectus for the market over the forecast period. However, high Cost associated with camping utensils impedes the market growth throughout the forecast period of 2022-2029.

The key regions considered for the Global Camping Utensils Market study includes Asia Pacific, North America, Europe, Latin America, and Rest of the World. North America is the leading region in terms of market share owing to presence of leading market players as well as rising trend of solo travelling in the region. Whereas Asia Pacific is expected to grow significantly during the forecast period, owing to factors such as rising trend of remote working as well as increasing penetration of e commerce platforms in the region.
