Abstracts

Global Cash-in Transit Bags Market is valued approximately USD XX billion in 2021 and is anticipated to grow with a healthy growth rate of more than XX% over the forecast period 2022-2029. Cash-in Transit refers to physical transfer of cash, credit cards etc. from currency chest to banks branches as well as ATMs. Cash in Transit Bags are packaging solutions utilized for transferring cash from one location to another. ATMs, cash centers, retailers, bank branches, and other facilities that handle large amounts of cash may be included in the locations. Furthermore, these bags feature specialized locks and are rain proof. The increasing expansion of ATM network world-wide and growing concern over secured & safe cash transactions as well as strategic initiatives from leading market players are key factors accelerating the market growth.

According to Statista – during 2019, the total number of automatic teller machines (ATMs) across India were estimated at 202.2 thousand, and this number further increased to 238.59 thousand. Also, the growing emergence of shared ATMs in developing regions and rising expansion of BFSI sector would create lucrative growth prospectus for the market over the forecast period. However, stringent regulations towards plastic use and rising adoption of digital transaction worldwide impede the

market growth throughout the forecast period of 2022-2029.

The key regions considered for the Global Cash-in Transit Bags Market study includes Asia Pacific, North America, Europe, Latin America, and Rest of the World. North America is the leading region in terms of market share owing to presence of leading market players as well as growing banking & Finance sector in the region. Whereas Asia Pacific is expected to grow significantly during the forecast period, owing to factors such as rising expansion of ATM network as well as increasing emergence of private banking players in the region.

Major market player included in this report are:

A. Rifkin Co.
ADSURE Packaging Limited
Amerplast
Coveris
DynaCorp
Harcor Security Seals
Versapak International Limited
