Abstracts

Global Color cosmetics Market is valued approximately at USD 54.89 billion in 2018 and is anticipated to grow with a healthy growth rate of more than 6.19% over the forecast period 2019-2026. Color cosmetics is a broad term that encompasses diverse categories of products for skin, eyes, cheeks and lips. These cosmetic products include wide range of products such as foundations, nail paint, lipsticks, eyeliner, bronzers. Rising consciousness among people regarding appearance coupled with technological advancement in the color cosmetics are considered as key driving forces of the market growth. Apart from this, increasing spending on personal grooming coupled with increasing demand for color cosmetics to reduce ae related skin imperfections are further contributing towards market. As per Statista, the per capita spending on color cosmetics in Brazil on an average was about \$9.5 per person in 2016 that is expected to be valued about \$10.8 per person by 2021. The Europe cosmetics industry report 2019, states that the European consumers spend on an average about \$149 per year on purchasing cosmetics products. Similarly, in South Korea, consumer spending on cosmetics shopping has increased to \$6.9 billion in 2016 from \$6.3 billion in 2014. This, growth in consumer spending on cosmetic product is increasing promoting the adoption of color cosmetics across the globe. Moreover, rising concern over harmful effects associated with conventional cosmetic products is shifting consumer preference towards the usage of organic color cosmetics. As in conventional cosmetics chemical substances such as asbestos, hexachlorophene, arsenic, lead and mercury compounds leading to adverse health implication. Whereas benefits with organic cosmetics include no irritation, no harmful substances and environmentally friendly products are encouraging the utilization of organic color cosmetics. Hence, significant increase in the adoption of organic color cosmetics is expected to create huge growth prospects in the market over the forecast period. However, stringent regulatory norms associated with

manufacturing color cosmetics is projected to create significant barrier in the color cosmetic market growth.

The regional analysis of global Color cosmetics market is considered for the key regions such as Asia Pacific, North America, Europe, Latin America and Rest of the World. Asia-Pacific is leading regions and also anticipated to exhibit highest growth rate / CAGR over the forecast period 2019-2026. Factors such increasing workforce population, disposable income along with technological advancement in the color cosmetics would create lucrative growth prospects for the Color cosmetics market across Asia-Pacific region.
