Abstracts

Global Express Delivery Market to reach USD XX billion by 2025.

Global Express Delivery Market is valued approximately USD XX billion in 2017 and is anticipated to grow with a healthy growth rate of more than XX% over the forecast period 2018-2025. The Express Delivery Market is continuously growing on a surging trend in the global scenario.

Rapid industrialization and development of global e-commerce marketplace is the surging trend driving express delivery market. Increasing need for fast and safer transportation of goods is expected to be the key driver boosting the market growth. Furthermore, free international trade, globalization, specialization, global communication and favorable political background is further supporting the market during the forecast period. High-tech and other 'growth' sectors, such as IT, telecommunications, pharmaceuticals, electronics and financial & business services are the major clients of the market propelling the Express Delivery demand. However, regulatory policies of governmental bodies are hindering the market.

Key areas considered for regional analysis of global digital money transfer market includes Asia Pacific, North America, Europe, Latin America and Rest of the World. Asia-Pacific is the leading/significant region across the world in terms of market share owing to escalating e-commerce activities and booming sales especially in developing nations such as China, India and South Korea. North America is also anticipated to exhibit higher growth rate/CAGR over the forecast period 2018-2025.
