## **Abstracts**

Global Eye and Face Protection Market is valued at approximately USD XX billion in 2021 and is anticipated to grow with a healthy growth rate of more than XX% over the forecast period 2022-2029. Equipment for eye and face protection is frequently used to avoid wounds brought on by sparks, chemicals, metals, and so on. By shielding the eyes, face, and respiratory system from fog, smog, sprays, and so on. Hospital doctors are also shielded from the spread of the contagious virus or flu droplets by wearing eye and facial protection. The major driving factors are the rising mining industry and the growing demand for eye and face protection. Moreover, rising product launch by the key market players is creating a lucrative growth opportunity for the market over the forecast period.

According to the International Trade Administration in 2018, the mining production was USD 12.57 billion in Mexico which increased to USD 12.69 billion in 2019. Along with this, according to Statista, in Brazil; in 2020, the production value of oil was USD 41.42 billion which increased to USD 43.1 billion in 2021. However, the lack of awareness for Eye and Face Protection stifles market growth throughout the forecast period of 2022-2029.

The key regions considered for the Global Eye and Face Protection Market study

includes Asia Pacific, North America, Europe, Latin America, and Rest of the World. The market for eye and face protection continues to be dominated by North America and Europe. After China, the U.S. and Italy have been the nation's most severely impacted, which has caused an exponential rise in demand for eye and face protection gear in these areas. The expansion of the eye and face protection market in the Asia Pacific region is attributed to the existence of highest supply chains in China. The reopening of enterprises in the country and the relaxation of export restrictions on medical goods are likely to help the demand for protective gear on a worldwide scale as well.

The objective of the study is to define market sizes of different segments & countries in recent years and to forecast the values to the coming years. The report is designed to

incorporate both qualitative and quantitative aspects of the industry within countries involved in the study.

The report also caters detailed information about the crucial aspects such as driving factors & challenges which will define the future growth of the market. Additionally, it also incorporates potential opportunities in micro markets for stakeholders to invest along with the detailed analysis of competitive landscape and product offerings of key players. The detailed segments and sub-segment of the market are explained below:

By Product:

- Eye Spectacles
- Face Shields
- Welding Shields
- Protective Goggles
- Laser Safety Goggles

By Application:

- Healthcare
- Manufacturing
- Construction
- Oil & Gas
- Defense & Maritime
- Mining
- Chemicals
- Transportation
- Agriculture
- Food

By Region:

- North America
  - U.S.
  - Canada
