Abstracts

Global Golf Gloves Market is valued approximately at USD 319.30 Million in 2020 and is anticipated to grow with a healthy growth rate of more than 3.13% over the forecast period 2021-2027. New product development for enhancing comfort of players and increasing number of retail sports stores around the world is fueling the market demand of golf gloves. For instance, in January 2021, Zero Friction launched CopperFlex Golf Gloves. The product has been introduced to enhance play for those players that have hand fatigue and soreness. Additionally, in 2018, Decathlon announced the opening of its stores in Victoria, Australia. Furthermore, rising popularity for breathing material among consumers is expected to drive the market in coming years. However, use of non-disposable and harmful materials for product manufacturing leading to rising concern for environmental pollution may hinder the market during forecast period.

Asia Pacific, North America, Europe, Latin America, and Rest of the World are the regions taken into consideration for regional analysis of the global Golf Gloves Market. North America is the dominating region across the world in terms of market share due to growing consumer interest in golf as a sport and presence of well-established market players. Whereas Asia Pacific is anticipated to exhibit the highest CAGR over the forecast period 2021-2027, due to availability of cheap labour and low production cost in the region

Major market player included in this report are:

Callaway Golf Company

Acushnet Holdings Corp.
Under Armour Inc.
TaylorMade Golf Company, Inc.
Mizuno Corporation
Amer Sports
3M Company
