Abstracts

Global Jerry Can Market is valued approximately at USD XX billion in 2021 and is anticipated to grow with a healthy growth rate of more than XX% over the forecast period 2022-2028. Jerry Can is used to store liquid. These are available in various shapes, sizes and designs etc. Stringent laws towards packaging have led the adoption of jerry can across the forecast period. For Instance: According to the Food Print in 2021, the U.S government implementing laws to minimize the use of plastic bags, use Styrofoam containers in packaging. The U.S government is promoting paper and use of metal in packaging which includes aluminum cans, containers, recycled fiber packaging and reusable items such as glass cups, plates and bowls etc. Rising demand for high tech application in end-user industries enhances the Market growth of jerry Can. Also, with the growing public awareness towards packaging, the adoption & demand for Jerry Can is likely to boost the Market growth during the forecast period. However, threat of substitutes impedes the growth of the Market over the forecast period of 2022-2028. The geographical regions considered for the Global Jerry Can Market analysis includes Asia Pacific, North America, Europe, Latin America and Rest of the World. North America is deemed as the significant region across the globe in terms of huge Market share due to the growing demand for automotive, petrochemicals, pharmaceuticals etc. Whereas Asia-Pacific is also estimated to attain maximum growth rate during 2022-2028. Factors such as rising stringent government laws towards packaging would create beneficial growth forecasts for the Jerry Can Market across Asia-Pacific region.
