Abstracts

Global Nutricosmetics Market is valued approximately at USD XX billion in 2021 and is anticipated to grow with a healthy growth rate of more than XX % over the forecast period 2022-2029. Nutricosmetics aid health and beauty. These are prepared with the incorporation of nutraceutical products having the potential to enhance overall health. The Nutricosmetics market is expanding because of factors such as rising public spending on healthcare and public awareness towards self-grooming and beauty

According to Commonwealth Fund in 2020, the total expenditure in the healthcare sector was around 11.5% of the GDP in 2017 which is worth USD 337 billion. It includes better medication, nutrient supplements, efficient health facilities. Whereas, the rising geriatric population and growing R&D activities by market players create lucrative opportunities for the market. However, the threat of side effects and safety concerns hampers the market growth throughout the forecast period of 2022-2029.

The key regions considered for the Global Nutricosmetics Market study include Asia Pacific, North America, Europe, Latin America, and the Rest of the World. Europe dominates the space in terms of revenue generation, owing to the factors such as rising

elderly population , public inclination towards self-grooming and rising product launches and growth activities by market players Whereas the Asia Pacific is expected to grow during the forecast period, owing to factors such as increasing adoption and demand for beauty enhancing products, growing disposable income and emerging economies across the region in the forecast period.
