## **Abstracts**

Global Occupational And Physical Therapy Services Market is valued at approximately USD XX billion in 2021 and is anticipated to grow with a healthy growth rate of more than 15.8% over the forecast period 2022-2028. Rehabilitative treatment includes physical therapy (PT) and occupational therapy (OT). The goal of physical therapy is to restore or improve mobility, strength, and range of motion. Occupational therapy practices include aiding children with impairments to fully engage in school and social settings, injury rehabilitation, and aiding elders suffering physical and cognitive changes. Furthermore, the market growth is driven by key factors such as rising prevalence of chronic diseases and rising number of physical and occupational therapists. For instance, The Bureau of Labor Statistics reported in 2021 that there are about 110,566 Physical Therapists working in the United States. Women make up 63.7 percent of all Physical Therapists, while males make up 36.3 percent. Also, soccer has the largest expected number of yearly injuries, with 15,113, according to a survey released by Fitness Industry Statistics in 2022. It also has the highest competition injury rate among women's sports, with 17.2 injuries per 1000 games. Swimming and diving have the lowest injury rate in women's sports, with only 1.8 injuries per 1000 games. However, lack of physical therapy centers in developing countries impedes the growth

of the market over the forecast period of 2022-2028.

The key regions considered for the global Occupational And Physical Therapy Services Market study include Asia Pacific, North America, Europe, Latin America, and Rest of the World.

North America is leading the market share, owing to the key factors such as advanced medical and technological developments, and growing incidence of mental disorders. However, Asia Pacific is expected to be the fastest growing region in the upcoming years due to rise in the government expenses in healthcare sector.

Major market players included in this report are:

Athletico Physical Therapy

Upstream Rehabilitation Inc.

U.S. Physical Therapy

Encompass Health Corporation

ATI Physical Therapy

PT SOLUTIONS
