Abstracts

Global Organic Baby Shampoo Market is valued approximately USD 518.2 million in 2020 and is anticipated to grow with a healthy growth rate of more than 6.8 % over the forecast period 2021-2027. Natural baby shampoo is a toxin-free mix of coconut based gentle cleaning agents that delicately perfect, while Organic Moringa and Organic Argan oils help feed and fortify the baby's delicate hair. Children's skin is more sensitive compared to adults and requires safe products containing the highest quality organic ingredients and growing awareness regarding this has led the adoption of Organic Baby Shampoo across the forecast period. For instance, in 2018, Azarfan, a natural brand interestingly dispatched another product offering augmentation called Azarfan organics child, which was made with guaranteed certified organic items, for example, child natural cleanser, hair wash, and hair moisturizer. However, organic products require standard temperature at which they are maintained and unique packaging specifications which poses a challenge to the market growth over the forecast period of 2021-2027. Also, continuously modification in products and their proposition is likely to increase the market growth during the forecast period.

The regional analysis of worldwide Organic Baby Shampoo market is considered for the key areas such as Asia Pacific, North America, Europe, Latin America and Rest of the World. North America is the leading region across the world having significant market share owing to the growing population and promptness & affordability of organic products coupled with the well-established research platforms I . Factors such as acceptance of organic skin care goods and increasing awareness towards health would create lucrative growth prospects for the Organic Baby Shampoo market across Asia-

Pacific region.
