Abstracts

Global Ornamental Fish Market is valued approximately USD 5.35 billion in 2021 and is anticipated to grow with a healthy growth rate of more than 8.5% over the forecast period 20221-2028. Ornamental fish are those that are kept in home aquariums or for aesthetic reasons. These fishes come in a vast range of species, sizes, colors, and forms. Tanks or other aquarium systems are commonly used to keep ornamental fish. The growing popularity of colorful decorative fish for aquariums among millennials and the demand for ornamental fish is their numerous benefits also, rising sales of ornamental fish water are some factors driving the growth of market. For Instance: according to the American Pet Products Association The global annual turnover of ornamental freshwater and marine livestock reached USD 5 billion in 2018, , with an average annual growth rate of 8% from the previous year. Also, rising technological advancement in the industry is likely to create new opportunity to the market. However, high cost of ornament impedes the growth of the market over the forecast period of 20221-20287.

The key regions considered for the Gglobal Ornamental Fish Market study includes Asia Pacific, North America, Europe, Latin America and Rest of the World. Europe is the leading region across the world in terms of market share owing to the high import of fish ornamental in order to fulfil the region demand. Whereas, Asia-Pacific is also anticipated to exhibit highest growth over the forecast period 20221-20287. Factors such as rising disposable income, increased demand for premium and exotic ornamental fishes across Asia-Pacific region.
