Abstracts

Global Pick and Place Carton Packers Market is valued approximately USD XX billion in 2021 and is anticipated to grow with a healthy growth rate of more than XX % over the forecast period 2022-2028. Pick and place carton packers are largely used in Food and beverages & pharmaceuticals industries for lifting and placing various products. Pick and Place carton packers offers various advantages such as it can lift large number of products in a single run which reduces overall Turn Around Time (TAT). Growing Food and Beverages Sector and rising technological advancements and new product launches from leading market players are key drivers for the growth of Pick and Place Carton Packers market. For instance, according to global database Management company Statista- In 2019, the worldwide functional food market was estimated at USD 178 billion, which consist of vitamins and minerals, proteins, amino acids, probiotics, prebiotics, and dietary fibers. In 2027, the market size is expected to reach around USD 268 billion. In recent events, in 2021- North America based provider of packaging automation systems, AFA Systems has launched a new product called the CE-RAB.

The CE-RAB is a compact, high-speed auto-bottom carton erector that features rotary feeder technology. Also, with rapid industrialization in emerging markets and growing industrial automation, the adoption & demand for Pick and Place Carton Packers is likely to increase the market growth during the forecast period. However, high Operations and maintenance Cost of Pick and Place Carton Packers and ill impact of pandemic restrictions on end use verticals impedes the growth of the market over the forecast period of 2022-2028.

The key regions considered for the global Pick and Place Carton Packers market study includes Asia Pacific, North America, Europe, Latin America, and Rest of the World. North America is the leading region across the world in terms of market share owing to growing rate of industrial automation in the region. Whereas, Asia-Pacific is anticipated to exhibit highest growth rate over the forecast period 2022-2028. Factors such as growing technological advancements and rising food and beverages sector in the region would create lucrative growth prospects for the Pick and Place Carton Packers market across Asia-Pacific region.

Major market player included in this report are:

Hamrick Manufacturing & Service, Inc.,
Orbit Equipments Pvt. Ltd.,

Adaptapack Pty Ltd,
AFA Systems Ltd.,
Thiele Technologies Pvt Ltd.,
A-B-C Packaging Machine Corporation,
HMPS Automation & Robotics Pvt Ltd,
Tekpak Automation Ltd

The objective of the study is to define market sizes of different segments & countries in recent years and to forecast the values to the coming eight years. The report is designed to incorporate both qualitative and quantitative aspects of the industry within each of the regions and countries involved in the study. Furthermore, the report also caters the detailed information about the crucial aspects such as driving factors & challenges which will define the future growth of the market. Additionally, the report shall also incorporate available opportunities in micro markets for stakeholders to invest along with the detailed analysis of competitive landscape and product offerings of key players. The detailed segments and sub-segment of the market are explained below:

By Product Type:

Stand alone

Conveyor system

By Machine Type:

Automatic pick and place carton packers

Semi-Automatic pick and place carton packers

By Technology Type:

Vertical pick and place carton packers
