Abstracts

Global Pickup Truck Market is valued approximately at USD 7726.6 billion in 2019 and is anticipated to grow with a growth rate of more than 1.80 % over the forecast period 2020-2027.

Pickup truck is a hybrid vehicle with both enclosed cab as well as open cargo area used to transport goods and services. The emerging sales hub as well as rise in consumption of goods and services across the globe are the major driving factors that boost the market growth of Global Pickup Truck Market. Usually pickup trucks are owned by small entrepreneurs and businesses. Pickup trucks enhance transportation facilities in localities where other modes of transportation are unavailable which motivates the market growth. Moreover, Pickup trucks are preferred as they are cost effective, easy to maneuver and fuel- efficient inclining the market growth. Due to Covid-19 Pandemic, Global manufacturing sector has observed decline. The automobile industry has observed worst quarter since 2008 global financial crisis, both the supply and demand have been affected drastically leading to affect Global Pickup Truck Market as well. A large number of automakers in China, UK, US, India and many more countries have suspended the plant operations which lead to disruption in their productions and hampered customer demand. However, rise in customer demand of efficient fuel vehicles for personal outdoor activities such as camping and boating make them prefer pickup trucks over SUVs. Rising export as well as import activities would create lucrative growth aspects for the market. market growth. For Instance: As per World Trade Organization in 2018, there has been an increment of approximately 10% in imports and exports across the world. Further, growth in the movers and packers market support the market growth of Global Pickup Truck Market. However, reduction in

gas mileage and availability of lesser model options are the restraining factors which impede the growth of the market over the forecast period of 2020-2027.

The regional analysis of global Pickup Truck market is considered for the key regions such as Asia Pacific, North America, Europe, Latin America and Rest of the World. Asia Pacific is the leading/significant region across the world due to increase in renting market and increase in demand. Whereas, Asia-Pacific is also anticipated to exhibit highest growth rate / CAGR over the forecast period 2020-2027. Factors such as rise in startups and preference by youngsters due to both, performance of trucks and luxury of the car would create lucrative growth prospects for the Pickup Truck market across Asia-Pacific region.
