Abstracts

Global Plastic straps Market to reach USD 5.3 billion by 2025.

Global Plastic straps Market valued approximately USD 1.1 billion in 2016 is anticipated to grow with a healthy growth rate of more than 19.2% over the forecast period 2017-2025. Key factors which gives growth to the Plastic straps market are increasing use of plastic straps in the bricks & tiles, paper, and cotton industries. The demand for plastic straps is increasing in these industries due to various properties offered by them that include high flexibility, ease of handling, and lightweight.

The objective of the study is to define market sizes of different segments & countries in recent years and to forecast the values to the coming eight years. The report is designed to incorporate both qualitative and quantitative aspects of the industry within each of the regions and countries involved in the study. Furthermore, the report also caters the detailed information about the crucial aspects such as driving factors & challenges which will define the future growth of the market. Additionally, the report shall also incorporate available opportunities in micro markets for stakeholders to invest along with the detailed analysis of competitive landscape and product offerings of key players. The detailed segments and sub-segment of the market are explained below:

By Type:

Polyester straps

Polypropylene straps

Nylon straps

Paper straps

Composite straps

Corded & woven straps

By End User industry:

Fiber

Steel

Cotton

Paper

Bricks & tiles

By Regions:

North America
