## **Abstracts**

Global Plumbing Fixtures Market to reach USD 134211.9 million by 2025.

Global Plumbing Fixtures Market valued approximately USD 74.242 million in 2016 is anticipated to grow with a healthy growth rate of more than 6.8% over the forecast period 2017-2025. High investment in infrastructure facilities and rise in disposable income, and growing investment in smart homes and buildings are expected to fuel the plumbing fixtures market growth. Moreover, rise in construction facilities in countries is estimated to drive the market growth. Introduction of various new systems including water efficient systems are expected to create lucrative opportunities in the plumbing fixtures market. The residential application of plumbing fixtures is expected to foresee the most rapid growth. This growth will be further enhanced by the increasing number of housing completions and new design trends that demand large and more number of bathrooms and kitchens. Commercially, the demand for plumbing fixtures is being supported by rising construction of bathroom-intensive structures such as offices, hospitals and hotels.

The objective of the study is to define market sizes of different segments & countries in recent years and to forecast the values to the coming eight years. The report is designed to incorporate both qualitative and quantitative aspects of the industry within each of the regions and countries involved in the study. Furthermore, the report also

caters the detailed information about the crucial aspects such as driving factors & challenges which will define the future growth of the market. Additionally, the report shall also incorporate available opportunities in micro markets for stakeholders to invest along with the detailed analysis of competitive landscape and product offerings of key players.
